

### Roseburg TV Permit Set Aside

Washington —UPI—The Federal Communications commission has set aside its grant of a construction permit to Teleservice co. for a new TV translator station at Roseburg, Ore., pending reconsideration.

The commission said it was acting on a protest petition filed by South West Oregon Television Broadcasting corporation which operates TV station KPIC on channel 4 at Roseburg. KPIC said the new translator station would cause it economic injury.

The FCC granted the permit on Oct. 1 to Teleservice to pick up and rebroadcast programs of Portland station KOIN-TV. The commission said today that Teleservice would have to amend and re-submit its application which was "incorrectly" accepted by the FCC. The commission added it will then consider the Teleservice application on its merits, together with matters raised on the KPIC petition.

**TRADED TO GIANTS** — Jack Sanford, Phillies pitcher, has been traded to the San Francisco Giants in exchange for Ruben Gomez and Valmy Thomas. Here he is shown in his office in Philadelphia, reading newspaper accounts of the three-player deal. Sanford, who was 1957's "Rookie of the Year," intends to keep his Prospectville, Pa., home and continue his off-season work as salesman for a box company.

### The Family Council

**Editor's note:** The Family Council consists of a judge, a psychiatrist, three clergymen, a newspaper editor, a woman's editor and two writers. Each article is a summary of an actual report. The Family Council does not give advice; it merely reports on problems that have been dealt with by responsible agencies and counselors.

**Jean M.** — I am a 30-year-old widow with a six-year-old daughter. My parents were both killed in an accident several years ago and my only brother lives quite far from me.

I have, therefore, been anxious to be close to my late husband's family. My sister-in-law has two daughters a little older than mine. I would like the girls to be friends, and I want my daughter to feel some contact with her father's family. His death was such a terrible blow to her.

In spite of my best efforts, my sister-in-law has been very unfriendly. She rarely invites me to her home and always ducks out of invitations to my home. We were never on very good terms, but I make an effort to be nice for my child's sake. I feel that my sister-in-law should be interested in making the same effort out of respect for her dead brother.

**Margaret E.** — I loved my brother very much and it is for that very reason that I can't bring myself to be friendly with Jean.

Jean does not mention that her marriage with my brother was bitterly unhappy and probably would have ended in the divorce court if my brother had lived a few years longer. As it was, she drove him to the grave with her excessive demands on him. He developed ulcers and a heart condition in the years he was married to her.

Jean is a very grasping woman. She was always envious of the fact that my husband was able to provide me with more material things than she could have. I feel that she wants to be in touch with us now for whatever she can get out of it. If we were poor she wouldn't want to know us. I am quite fond of my little niece, but I'm sure she'll turn out a lot like her mother.

**The Council:** Margaret makes dreadful and ill-founded accusations. The marriage between Jean and her brother may not have been happy, but Margaret cannot possibly judge how much of this was caused by her brother. Certainly it is not

### Two-Year-Old Boy Dies in House Fire

Kalama, Wash. —UPI—A house fire Wednesday took the life of Gerald Bosell, 2, who had been staying at the home of his grandparents, Mr. and Mrs. Edward Cline.

The boy's mother, Mrs. Kenneth Bosell and another son Andy, 1, were among eight others who escaped unhurt.

Cause of the fire was unknown.

Salem —UPI— Salem has decided to hold its traditional Willamette River Days celebration again next year despite financial troubles in the past.

### Empire Elegance

Margaret further shows her tendency to make vicious, illogical statements when she accuses a 6-year-old child of taking on her mother's undesirable characteristics.

We cannot judge Jean's underlying motives in pursuing a friendship with her sister-in-law, but the reasons she offers are very sound. The reasons Margaret offers against is are completely unsound.

It is very doubtful whether good relations can be established with a person who gives every sign of irrationality and ill-will. We think Jean would be far better off to put her time and energy in trying to form good, warm friendships with couples of her own age. Many of them will take her and her child to their hearts and Jean will not have to fear the hurts her sister-in-law seems determined to inflict on her.

### Boy Scouts

Den 11, Pack 8  
Den 11 of Pack 8, Jackson school, met at the home of the den mother, Tuesday, Dec. 9. We popped corn for our refreshments and practiced the skit, "The First Camp Out," which den 11 presented at the pack meeting Thursday night at Jackson school.

Since Scouting promotes family participation, den 11 asked the sisters of den members and a few needed extra girls from Mrs. Thompson's room to take part in the skit.

The girls are Diane Clark, Carolyn Cole, Carolyn Lynch, Tacy Lynch, Suane Cooley, Linda Holme, Shelia Creton and Jacque Hurn.

Den 11 welcomed sisters and friends in joining the Scouting program.

After our skit practice, the Cub Scouts played games and gathered new materials for collections.

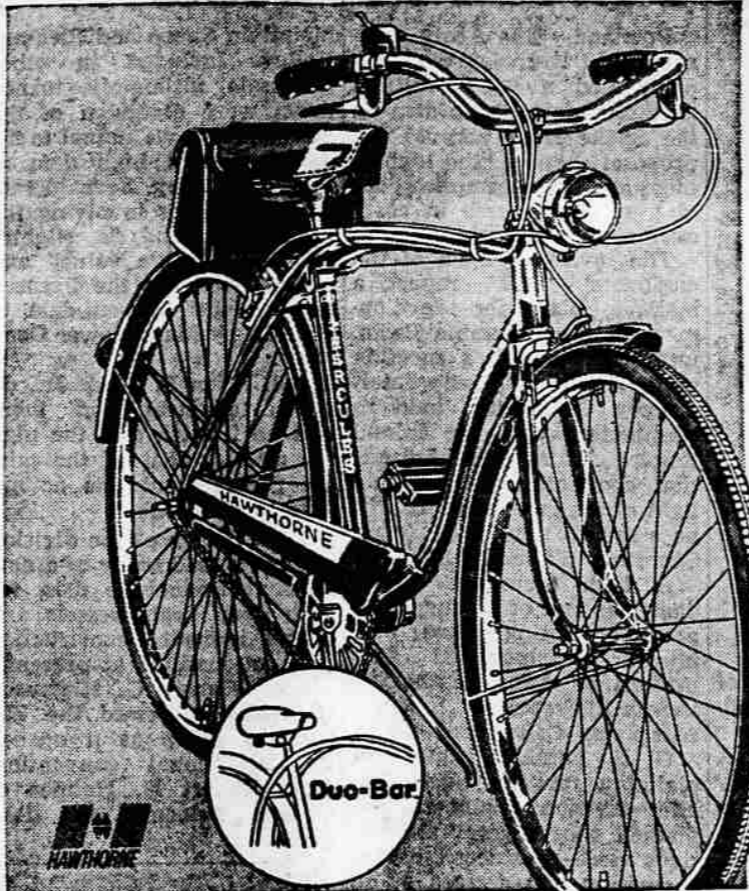

Jack Young celebrated his birthday at this meeting.

Cuba comprises the sixth most important center for America's export trade.

# Gifts for everyone
