

ENTERING New Jersey Women's Prison, Jersey City, Marie Torre, New York TV columnist, starts 10-day sentence for refusing to disclose source of news story.

Moscow, Peiping Relations Are Reported Tense

London —(AP)— Authoritative diplomatic sources reported today an ominous cooling off in relations between the Soviet Union and Red China.

Tension was said to have been caused by Peiping's growing insistence on taking over ideological leadership of the Communist party camp. The diplomatic sources said there was no likelihood of an open break between Moscow and Peiping since the two nations are largely interdependent. But they said relations were somewhat icy.

Soviet Premier Nikita S. Khrushchev, also head of the Soviet Communist party, has declined to call a halt to Chinese aspirations and to reassert Moscow's leadership of the Communist world, the sources said.

Current Moves
Khrushchev's current move for a summit conference with President Eisenhower and possibly other Western leaders were held as one of the immediate results of this development.

This also would account for the current visit to the United States of Deputy Soviet Premier Anastas Mikoyan who was reported trying to pave the way for a heads-of-government meeting.

A few months ago Red Chinese leader Mao Tse-tung vetoed a summit meeting to which Khrushchev already had committed himself. Khrushchev now has reported ready to go it alone—against Red China's wish—and hold such a meeting.

The diplomatic sources said the broad outline of these developments emerged from recent talks between Khrushchev and satellite leaders in Moscow.

Chrome Producers Organize Committee

Cave Junction — The California-Oregon Chrome Producers association, at a meeting held in O'Brien at the close of December, discussed at length the bill drawn by the California producers to be introduced in Congress early in the session by Congressman B. F. Sisk, representative from the California twelfth district. It was voted to name a committee to meet with the California operators as soon as arrangements can be made, either in Sacramento or Medford, to try to arrive at more mutual objectives.

Some of the proposed details are not suitable to the local miners.

The suggested bill is a two-part plan providing for incentive payments for domestic production of chrome ore of metallurgical grade, asking \$40 per dry ton on the basis of a minimum of 42 per cent chrome iron ration. The objective of this part is to give the domestic operators a margin differential over foreign producers.

The second part of the bill would provide a guaranteed market for ferro-chrome or other manufactured alloys at world market prices.

The local miners objected to the setting of the minimum incentive payment of \$40 and to the opening of the bill to the extent of including all types of chrome alloys.

FIRE ROUTS FAMILIES

New York —(AP)— At least 20 families were driven into the street Wednesday night by a two-alarm fire which burned through the top two floors of a five-story tenement house. No one was injured and there was no estimate of damage.

THROWN FROM TRUCK

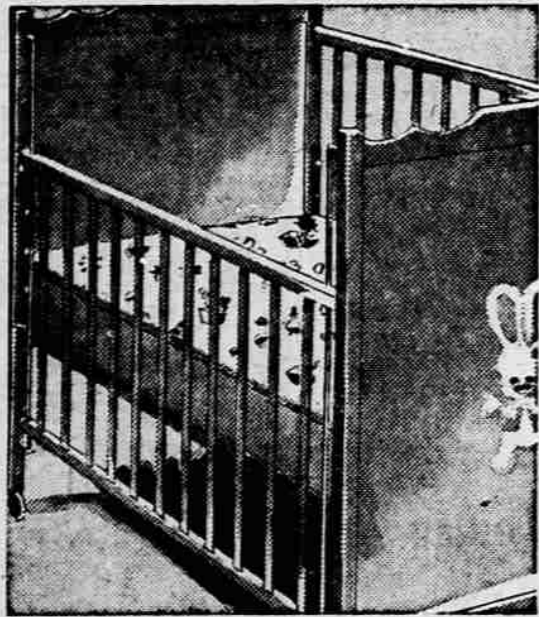

Portland —(AP)— Oscar C. Webb, 63, Portland, was killed Wednesday afternoon when he was thrown from his pickup truck after being involved in a two-vehicle collision here.
