

Legislation to Convict Hate Bombers Planned

Washington — UPI — Stiff new laws to pit the full power of the FBI against "hate bombers" were proposed in Congress today. The legislation was patterned after the Lindbergh Kidnaping Act.

Key Senate sponsors of the seven-bill package were Republicans Jacob K. Javits and Kenneth B. Keating, both of New York. Rep. John V. Lindsay (R-N.Y.) planned to introduce the same measures in the House.

Javits and Keating said the proposals were designed to halt the activities "of fanatics and racists trying to establish a reign of terror" against churches, synagogues and intergraded schools.

Cites Recent Bombings
Lindsay said the need for congressional action had been clearly demonstrated by the nearly 70 bombings reported since 1954, including 27 last year.

The bills also would muster the forces of the federal government against "hate mail" when it has the effect of inciting violence.

Javits and Keating said local law enforcement agencies were hamstrung now in their efforts to track down such criminals because of lack of jurisdiction and resources to do the job.

The two senators said there were indications the hate terrorists probably are members of a well-organized gang or gangs operating in several states.

Law Urgently Needed
"Seldom have we examined an emergency situation which so urgently requires federal legislation to help remedy it," they said.

Javits and Keating said their bills were drawn up after conferences last November with community leaders and officials in Atlanta, Ga., Birmingham, Ala., and Jacksonville, Fla., where bombings have occurred.

SUCCEEDING to stroke, Octavus Roy Cohen, 67, famous magazine fiction writer and novelist, dies in Los Angeles hospital.

U.S. to Bow to Demand of Cuba

Washington—UPI—A Defense Department spokesman said today the United States would bow to any demand by Cuba's new rebel government that it call home the 31-man American military mission.

The spokesman made the statement after rebel leader Fidel Castro said Cuba no longer wanted the services of the U.S. Army, Navy and Air Force advisers.

However, defense officials said the new Cuban president, Manuel Urrutia, had not indicated he wanted the Americans to pull out.

"If they want them out," the officials said, "we will take them out."

Their investigation showed that local law enforcement agencies for the most part have been unable to arrest or convict the hate bombers or check the flood of hate mail, they said.
