By United Press International
New York - Soviet Deputy Premier Anastas Mikoyan after a tour of New York City:
"Yours is a very good country. I especially like the people of this country. I have had many interesting and useful talks."

Hollywood - Actor Ward Bond, on learning that the Academy of Motion Picture Arts and Sciences had repealed an amendment banning Communists from receiving Oscar awards:
"All these Fifth Amendment Communists are working now. We've lost the fight and that's all there is to it."

Washington - President Eisenhower, during his visit to the National Press Club when asked if he preferred having press conferences on a regularly scheduled basis:
"I never like to conform too much. And just to say that one particular day each week I am going to be in the same exact spot, the same exact time, sort of gets me down."

Ft. Leavenworth, Kan. - Army Secretary Wilbur M. Brucker, on the continuing need for infantrymen:
"We must be prepared for limited war. If we are not prepared, that is the very thing that will cause it to happen."

New York - TV columnist Marie Torre, after serving a 10-day jail term for contempt of court for refusing to reveal the source of a news story:
"If I had to reveal any source, I'd feel that I had betrayed my profession, myself, my church, my paper and everything I stand for."

SOC Student Body Head Leads Budget Conference

Ashland - Southern Oregon college student body president, Richard Clark, Medford, headed a delegation to the Oregon Federation of College Leaders conference at Corvallis Jan. 10 to discuss possible effects of the proposed cut by former Gov. Robert D. Holmes in the state higher education budget.

Clark, who was accompanied by Joe Ferguson, Springfield, student body treasurer, and Jim Boyd, Medford, who served as the college press representative, is president of the OFCL.

Student leader reactions to the three major problems discussed were:

Faculty Salaries
(1) Faculty salaries must be kept on a competitive level with other western schools. "Bud" Titus, University of Oregon student body president, reported that state faculty salaries are in the middle bracket in this respect, but unless salaries are increased, Oregon colleges will cease to attract and retain top-caliber professors.

(2) Building programs will be retarded by budget cuts. Larry McKennon, student body president of Oregon State college, stated, "Any cut here means a cut in education facilities. We want the students to get the best possible education. Any cutback is a setback in providing this education."
