

ARRIVING in San Francisco after years in Red China, turncoat R. C. Corden said he was "impressed with progress of socialism."

**Tax Choice for Processors Asked**

Salem—UPI—Amendment of a law which would require food processors in Oregon to choose between having their personal taxes prorated through the year on a monthly basis or using the processors' exemptions now in effect is being drafted.

This was the result of a decision reached Wednesday afternoon by the Senate Tax Committee when it became known that a number of processors in the state were using both methods and thereby, in some cases, entirely escaping paying taxes on some inventories.

At the suggestion of Sen. Donald Husband (R-Eugene), House bill 55, already introduced, will be amended so that the various categories of processors will be named in the law.

This is being done in order that county assessors will know which products are entitled to consideration and make the application of the law uniform throughout the state.

**Beck's Refusal For Audit Told**

Tacoma, Wash.—UPI—Ludwig Lobe, a certified public accountant who handled Dave Beck's tax accounts from 1950-54, testified here Wednesday he was told to mind his own business when he asked Beck about his assets and liabilities.

Lobe said he was told that such information was really none of his business and that it was for somebody else to worry about.

Beck, former president of the Teamsters Union, is being tried on charges of evading \$240,000 in income taxes from 1950 through 1953. The trial resumed today.

The accountant said he once suggested that Beck have an audit of his financial affairs. He said Beck gave a flat "no" in reply.

Lobe also told the court he never had access to Beck's personal check stubs in computing the tax accounts. Beck did not tell him about expense reimbursements he received from various unions from 1950-1953 either, Lobe said.

**Delay Asked in Jobless Problems**

Salem—UPI—Sen. Dan Dimick (D-Roseburg) today asked the Senate to reserve judgment on Oregon's unemployment compensation problems until his Labor and Industries Committee had a chance to give the matter a thorough study.

His statement followed a hearing at which a new method for financing the compensation fund was presented by George Brown, legislative director of the AFL-CIO.

The plan provides that all employers start by paying a 2.7 per cent rate to the unemployment fund.

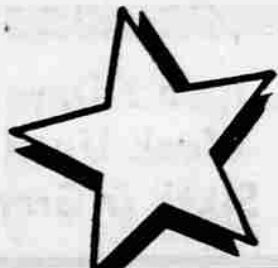

Then, as the fund grows, employers will have a chance to gain an experience rating which will result in lowering of their payments.

All employers are paying the 2.7 per cent rate now, due to depletion of the fund.

**Former Medford Man Named to New Post**

James D. Harpole, former Medford Boy Scout field executive, has been appointed director of field service for the Portland area Boy Scout council.

Harpole started his career in Medford in 1948, and worked on the staff at Eugene before taking a position at Klamath Falls, where he was an executive of the Modoc area Scout council.
