

Endurance Fliers Approaching Record
Las Vegas - (UPI) - Two Air Force veterans aloft for seven weeks in a light plane today were within hours of breaking the world's 50-day non-stop endurance record.

Robert Timm, 32, and John Cook, 33, who will break the old record by 50 seconds at 4:07 p.m. (p.s.t.), said they hoped to continue their flight for an added 10 days.

Bill Increasing Basic School Support Introduced in Senate

Salem - (UPI) - Increase in the basic school support fund from the present \$105 for each census child to \$120 is provided in a Senate bill introduced Thursday.

The governor's budget estimates the general fund appropriation for basic school support to the counties during

the 1959-61 biennium at \$106,785,000. Should basic school be increased to \$120 per child that amount would be increased to \$122,285,000.

The bill was introduced by Sens. Francis Ziegler (R-Corvallis) and Dwight Hopkins (D-Imbler) and Reps. William Holmstrout (D-Astoria) and Arthur Ireland (R - Forest Grove).

The school census projected in the biennial budget report shows that in 1959-60, the total number of children in the state from ages 4 to 20 will be 510,442. A total of 526,348 is projected for 1959-61.

Increased in 1957
The 1957 session increased basic school support from \$85 per census child to \$95 and at the special session in the fall of 1957, the fund was increased to \$105 per child.

First debate in the Senate occurred today when Sen. Ben Musa (D-The Dalles) objected to the passage of Senate bill 50.

This bill provides that the State Tax Commission would exchange secret information with states having gross income tax laws. The commission already is authorized to exchange this information with 30 states with net income tax laws. Only the states of Washington and Indiana are on a gross income tax law basis.

The bill was requested by the State Tax Commission. Called **Rights' Invasion**.

"This is another invasion of the rights of our citizens," Musa said. "I recall when the income tax was first enacted the people were assured that no one would see their tax returns except the tax collector. I believe this bill is an invasion of the trust we have imposed in our Tax Commission officials."

Sen. Ward Cook (D-Portland), chairman of the Senate Tax Committee, said he felt Musa was unduly alarmed.

"We are not opening a new area," Cook said. "We already exchange this confidential information with 30 states."

The measure finally passed 24 to 5 with one senator absent. All opposing senators were Democrats.

Another bill passed by the Senate provides that the post mark on any writing or remittance sent to any state agency shall be considered the time of receipt. There was no opposition to the bill.

Paris - (UPI) - French Premier Michel Debre will visit Algeria Feb. 10, informed sources reported today. They said the Gaullist premier who took office two weeks ago is expected to be away for two or three days.

Try and Stop Me

By BENNETT CERF

ADMONITION CIRCULATED by Detroit philosopher Harvey Campbell: "If you arise earlier in the morning than your neighbor, work harder and scheme more, stay up planning how to get ahead of him while the lazy lug is sleeping, study treatises while he fishes, golfs, and relaxes, not only will you leave more money than he does when you die, BUT you can be absolutely sure you'll leave a lot sooner!"

A town on the edge of the Mojave Desert boasts four gas stations. Three of them plan to sue the owner of the first station on the line. He's put up a big sign proclaiming, "This is your last chance to fill up before you hit the desert. The three other stations you think you see are mirages!"

Have you heard about the All-American cat? He made forty-eight yards in one night!

Do You Want a New Washer to Wash Clothes Cleaner? Wash Any Type of Fabric Safely? Also Give You Years of Trouble Free Service?

Then We Invite You to See the New MAYTAG!

New FILTER-AGITATOR

Maximum Lint Removal

Positive Detergent Distribution

Greater Washing Effectiveness

The exclusive new Maytag Filter-Agitator is the most revolutionary change in agitator design since it was invented by Maytag. It provides increased washing action, positive distribution of detergent, and maximum lint filtration. It's new, it's fabulous, and it's available only in Maytag.

MAYTAG ALL FABRIC AUTOMATIC

New full time filter is the heart of the new Filter-Agitator, under water where the lint is, and is supplemented by Maytag's famous Lint Remover Tub. Surface lint as well as lint suspended in water is filtered out as water circulates through agitator. And there are no pans or trays to interfere with loading or unloading.

Detergent dispenser in agitator prevents discoloration and damage to fabrics from heavy concentrations of undissolved detergent. Simply pour detergent in agitator cavity, circulating water dissolves it completely before it comes in contact with clothes. Big two cup capacity permits addition of water softener.

Famous Maytag Agitator Action has been amplified by the pumping action of the new Filter-Agitator. Wash water circulated through the agitator is forced out through specially designed channels in the bottom, in swirling jet streams. Loosens even deep down dirt in seconds.

PLUS These Advanced Features:

- Swift-Away Draining Action • Cold Water Wash & Rinse • Pushbutton Control • Delicate Fabric Cycle • Two Speed Action • Automatic Water Level Control • Water Temperature Control • Safety Lid • Suds Saver • Interior Light • Unbalance Switch • Suds Conditioner • Flush to Mail Installation • Five Year Warranty on Power Unit
