The Medical Roundup

by Walter Alvarez. Ectopic Pregnancy. In a recent article, D. S. G. D. Malkasian Jr., J. S. Hunter Jr., and W. H. Re-

Mine reported a study of 322 cases of ectopic pregnancy in which the embryo started developing in one of the tubes coming out from the

womb. Because the wall of the tube is so thin and weak, in these cases, sooner or later, the tube is likely to tear open, and then, if the woman is not quickly operated on, she is likely to bleed internally to a dangerous degree.

A woman who has missed a few periods should always think of a possible ectopic pregnancy when she suddenly is seized with pain low in her abdomen, and at the same time perhaps has some vaginal bleeding, together with nausea and weakness due to loss of blood.

Families of Schizophrenics. I am so happy to read that at last quite a few psychiatrists are beginning to listen to the sad stories of mental disease and disaster that the families of most of their psychically mixed-up patients would like to tell them.

As Dr. Ackerman went on to say, a disturbed member of the patient's family, if not also helped, can easily nullify the efforts of the psychiatrist to help the patient who has been brought to him.

To my way of thinking, one of the great tragedies of psychiatric practice is to be found in the fact that often the child with a tendency to schizophrenia has to be brought up under the worst possible conditions for him, in a home that is perhaps made hellish or cold and loveless by a schizophrenic father or mother.

Nation Crossed in Under Five Hours

Ontario, Calif.—(UPI)—An Air Force RB twin-engine bomber flashed across the country in four hours and 58 minutes Thursday, traveling the distance from Washington, D.C., at an average speed of 552 miles per hour.

The reconnaissance plane was on loan to General Electric Corp. to permit testing two new turbo-jet engines which may be used in the future on commercial airliners.

The same plane had flown from the West coast to the East coast Tuesday, arriving over Andrews Air Force base near Washington after three hours and 36 minutes aloft, a cross-country record.

The return leg Thursday was slowed by high-speed headwinds.

Salem—(UPI)—Budgets of the Department of Veterans' Affairs in amounts approved by ex-Gov. Robert D. Holmes as well as Gov. Mark Hatfield have been approved by the Joint Ways and Means Committee and will be sent to the House floor for approval.

The total budget of the Department is \$95,757,018.

Dr. Roy W. Cauwet, of Menlo Park, Calif., in which he says that quite a few of the women so operated on, can get pregnant again.
