

Styled Right, Sized Right

by Allyn Rice

FEW WOMEN are blessed with perfect figures; fewer still with proportions considered appropriate to their ages. Most are in-betweens who've managed to find ready-to-wear fashions requiring a minimum of alteration.

But many women have suffered from the haphazard clothes-sizing system—the 50-year-old petite figure forced into junior-styled dresses; the mature figure at 25 dressed to look like her mother; and the ill-fitted many, the short-waisted women of every age.

More realistic sizing of fashions has been the trend in recent years, and the latest important innovation is that of designing in every size range for different age groups. This eliminates the need for expensive alterations or high-priced custom-mades, heretofore the only alternatives. Appropriate styling in the proper size is now as accessible as your favorite dress shop.

1. Perfect under Spring furs, Mort Schrader's modified classic in petite sizes (8 to 18) has scoop neck and torso pockets for a long line (\$45).

2. A youthful half-size dress (14½ to 22½) with a two-piece look, features permanent-pleated skirt and long-bodice look. Form-Fit presents it in a geometric print of silk and rayon (\$15).

3. This grown-up though junior-sized (7 to 15) flowered-taffeta date dress by Barbara Dance Frocks billows into a becoming harem hem (\$23).

Announce Way To Help Drain All 8 Sinus Cavities Without Discomfort

New decongestant tablet for sinus congestion sufferers
acts both to drain clogged sinus cavities
and relieve distressing head pain

New York, N. Y. (Special) Announcement has been made of a new tablet development which has the remarkable ability to help drain clogged sinus cavities and thus relieve congestion and pressure. The headaches, pressure pains, stuffed-up head, nasal drip, clogged breathing—all the unrelenting symptoms the sinus sufferer knows so well—are attacked directly by improving drainage of the sinus areas.

Most remarkable of all is the fact that this is accomplished with extraordinary speed and without discomfort of any kind. This new tablet does its remarkable work internally, through the blood stream. It deposits into every drop of blood plasma a new medication which is carried to the sinus area, where it

shrinks the swollen doors to the sinus cavities and helps drain away the pain-causing pressure and congestion.

The shrinking substance in this new tablet has been so successful topically in promoting drainage of the sinus cavities that it is now prescribed more widely by doctors than any material for this purpose. This new medication is now available at drug counters without the need for a prescription under the name, Dristan® Decongestant Tablets. Dristan Tablets cost only 98¢ for a bottle of 24 tablets. Buy and use Dristan Tablets with the absolute guarantee that they will drain away pain-causing pressure and congestion of the sinus cavities, relieve the pain and distress, or purchase price will be refunded.
