

Pass the Ball Nat Bradford

A soft ball or orange can be used in this different sort of tag. IT stands in the center and tries to tag the player with the ball. If he does so, that tagged person is IT. The ball can be passed from player to player. Sometimes you pretend to pass it to a neighbor, then whirl around and give it to another. This is lots of fun!

Guess What I'm Doing? Jane McHenry

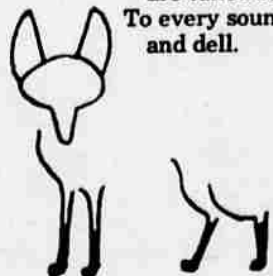

If you have smaller brothers and sisters to entertain once in a while, here is a game all the little ones love. Tell them to pick some common action they can imitate, using hands or feet, but without speaking, and you will guess what they are supposed to be doing. Ironing, for example, uses almost the same motions as planing a board smooth. Or pretending to start a car and opening a door might be puzzling to unscramble. At any rate, if you fail to guess correctly what they are supposed to be doing, you lose your turn and another player goes out of the room while a new action is selected. Try: opening your mouth at the dentist, or walking on hot sand, or eating a banana!

Let's Draw a Fox Ann Davidow

A sort of pear will make the head
Of crafty Reynard Fox.
the red,

Whose fine, sharp ears
are tuned so well
To every sound of hill
and dell.

When he hears the foxhound bay,
On slim black legs, he'll dash away

And soon outwit that mighty rush
Of hunters who would steal his brush.
