

Medford Wrestlers In District Meet

A 26-man Medford High school wrestling team headed for Klamath Falls today to contend in the District 6 A-1 tournament.

Coach Paul Evensen said that the Tornado squad would not be disappointed if it did not qualify men for the state meet but that it hoped to pull a few surprises.

American Loop Lessens Spring Barnstorming

Chicago (UPI)—The American league, following the lead of the National league, de-emphasized its spring barnstorming exhibition games today almost to the point of complete extinction.

American league clubs will play a total of 226 exhibition games this spring, but only 20 of those games will be played on the way home from the teams' training camp site in Florida and Arizona, the league announced.

National League clubs also curtailed their small-town road operations this spring so that they will only play 18 such games of a 179-game exhibition total.

Ryff, Andrade In Video Scrap

New York (UPI)—Lightweights Frankie Ryff and Cisco Andrade will try to take a long step up the comeback trail tonight in their TV fight at Madison Square Garden.

The fact they are fighting on Friday-the 13th is not expected to add to the bad luck each has experienced since both were rated promising contenders for the 135-pound crown four years ago.

Duck Trackmen In East Races

University of Oregon, Eugene—Jim Grelle and Dave Edstrom, two of Oregon's crack track men, left this week for three major indoor meets in Philadelphia and New York.

The two Webfoots will meet the stiffest kind of world class competition at Philadelphia tonight in the Inquirer Games, move on to the New York AC games at Madison Square Garden on Saturday and then run in the National AAU championships the following Saturday, Feb. 21, at the Garden.

It will be Grelle's second appearance in the winter meets, and he'll face a field of Ron Delaney of Ireland, Brian Hewson of England, Dan Wearn of Sweden and Zbigniew of Poland in the first meet. The following evening in New York Delaney is scheduled for the half mile and his place will be taken by Phil Coleman, the veteran distance man from the Chicago AC.

Edstrom, making his first try at the indoor tracks, will run in the 60-yard high hurdles against four of the best men in the world. The field includes Lee Calhoun, the former NCAA champion from North Carolina college, Elias Gilbert and Fran Washington of Winston Salem Teachers, and Hayes Jones of Eastern Michigan.

Central Point Tops South GP

Central Point — Central Point Junior high cagers won games from South Grants Pass yesterday with the seventh grade margin 19 to 15 and the eighth grade spread 38 to 27.

The Pointers led 10 to 7 at the half and 16 to 8 at the three quarter mark after GP had headed 5 to 2 at the quarter in the seventh grade tilt. CP eighth had 13 to 6, 21 to 12 and 33 to 21 period margins. Mike Glines had 14 points for Medford and Shepard 13 for Grants Pass. Fifteen Pointers saw duty in the seventh grade fracas.

Morning—Chevy panel hustles over causeway to St. Petersburg.

Late afternoon—to Lakeland, Winterhaven, other cities.

Night—a long run to Punta Gorda and points south.

Chevy panel steps lively in Florida...runs day and night, delivers 19.3 miles per gallon!

This '59 Chevy panel services west-central Florida with daily on-time newspaper deliveries. It's on the go morning, noon and night; covers as much as 587 miles a day... runs so constantly that its engine never cools off completely. Yet Mr. Clark Farber, the Tampa Tribune's circulation manager, reports that the truck is delivering 19.3 miles per gallon! Here's evidence of the thrift and stamina that's making Chevy the solid favorite on tough jobs everywhere.

This year, the light, medium and heavy trucks of the Task-Force fleet are out to whip anything that comes their way—and they've got what it takes to do it!

Take the panel pictured above, for example. Powered by the '59 Thrift-master 6 with new economy-contoured camshaft, it's building a sensational economy record, despite the sizzling pace of its work. That's typical of the way Cheviacs of all sizes are turning-to on the most challenging jobs in America. Every one of them, including the one for you, comes equipped with the latest in tough truck components. The way they're made, they make the hardest hauls look easy!

If you have a job that puts a truck on its mettle, seeing your Chevrolet dealer has never made so much sense. He's waiting nearby with a new stock of hauling equipment that can be tailored, precisely, to your specifications.

Chevy goes 8 miles off the road for mammoth loads! Not even the deep woods of southern Louisiana can daunt a Chevy. This truck, working for the Sabine Lumber Company of Zwolle, bulls its way as far as 8 miles off the road, over ruts and jagged stumps; then grinds back out with towering loads of logs.

No job's too tough for a Chevrolet truck!
