

CENTRAL POINT FFA Wins in Contest

By DORIS HUGHES
Central Point - The Crater High school Future Farmers of America took part in the district skills contest at Marshfield Saturday. The contest included record books, chapter record books and shop skills, such as welding. Crater placed first in six of the 14 contests, second in one and third in two. Robert Bibey, a sophomore, placed first in the acetylene welding contest. He has been enrolled in agriculture one semester. Pete Melsted and Jim Frink represented Crater in the welding contest. Mike Redmond of Crater High school participated in the mathematics contest.

Crater High school placed first in both agricultural spelling and rope work. Russel Frink and Gary Skaggs, both freshmen, won the two first places. The Crater Chapter secretary's book won a third place award. The Eagle Point book won first place and will be entered in the state contest at Corvallis Mar. 16.

Mike Redmond's treasurer's account book placed first. Mike, a Crater senior, has spent many hours preparing the book for the contest. The chapter has a yearly budget of well over \$2,000.

The Crater Chapter scrapbook kept by Don Denning, Chapter reporter, also won a first place award. Denning's scrap book will now be entered in the State contest.

The project record book contest was divided into three divisions. The first contest on books not completely finished was won by Douglas Doerner. The sophomore completed record book contest was won by Bill Morgan of Eagle Point. Pete Melsted of Crater placed third. The advanced completed record book was won by Jim Ross of Marshfield and Don Ryan of Crater placed second.

Crater High School Future Farmers of America Rogue Ramblers placed first in the talent contest. The group of five guitar players have performed on many local radio programs, personal appearances and television programs. In the group are Tom and Dennis Samples, Floyd and Leon Sherman and Dennis Fisher. Don Denning is master of ceremonies for the group. This group will enter the state contest in the spring.

Spring vacation for the schools in District 6C will be Mar. 16 to 20, inclusive. The Oregon Education association will meet in Portland March 19 and 20.

Charles A. Meyer announced that on Feb. 13 the state health department will be giving audio metric tests for children with hearing difficulties at Central Point schools.

Five building permits were issued in the city of Central Point during January. Since Feb. 1, three permits have been issued. Two permits for dwellings in the Crater-Faber subdivision have been issued to C. V. Bowers and one permit was issued to E. R. Frohreich for a dwelling on Crater lane.

The Central Point Royal Neighbors of America met Feb. 6 at the home of Mrs. Dave Cox in Eagle Point. Mrs. Norman Stinger was hostess for the dessert luncheon. The mystery package was won by Mrs. Bernard Guy. The women decided to have a "penny" birthday cake every three months to celebrate the members' birthdays which occur during that time.

Boilermakers Ruled 'Unfair'

Portland - (UPI) - A national labor relations board trial examiner ruled Friday that the AFL-CIO Boilermakers union, its vice president for the Pacific Northwest and its local in Eugene were guilty of unfair labor practices.

James R. Hemingway, the examiner, ruled that the Eugene local and the international union illegally discriminated against two Portland members, George B. Seybold and Orran L. Chamberlain, in connection with hiring and tenure of employment. Hemingway also ruled that the Eugene local violated the Taft-Hartley law with maintenance of an illegal hiring hall, and that John Stender, Boilermakers vice president, violated the law by threatening Seybold and Chamberlain "with action that would impair their obtaining or retaining employment unless they should withdraw charges filed with the board." Hemingway said the action "restrained and coerced" the two workers.

Ike Urges Iranian Shah To Beware

Washington - (UPI) - President Eisenhower has sent a personal message to the Shah of Iran urging him to beware of Soviet overtures and to stand firm with his Western and Baghdad Pact allies.

An informed source said the message was sent late last week while a high level Soviet political mission was in Teheran discussing an alleged non-aggression pact. State Department press officer Lincoln White declined comment. The Iranian government announced Thursday that the talks had broken off and that the Soviet mission had returned to Moscow. The Soviet government charged that American pressure caused the break-off and paved the way for U. S.-Iran military pact.

Governor, Power Group Air Request

Salem - (UPI) - Gov. Mark Hatfield and representatives of public and private power groups are holding a series of meetings to determine how much dump power can be diverted to California without cutting down on supply to Oregon consumers. Hatfield said Friday he began the conference immediately upon receipt of a message from California Gov. Edmund Brown asking both Oregon and Washington if they could arrange to send surplus power to northern California. "Discussions have been held by my office with officials of Bonneville Power Administration and further meetings with public and private groups are planned," Hatfield said. He added that announcement of some tangible line of action is expected in about two weeks.

TUNISIA CLAIMS ATTACK

Tunis - (UPI) - Tunisia charged Saturday that three French fighter planes carried out a low-level strafing attack against a small Tunisian village along the Algerian border. Two Tunisians were reported killed and eight others injured in the attack.

FINED FOR FILCHING

Nottingham, England - (UPI) - Wilfred Newton, 40, was fined \$25 Friday for taking home a barrel of beer last December from the brewery where he works. "I thought it would come in handy for Christmas," he said. Hospitals in the U.S. treat more than 21 million bed patients in the course of an average year.

Moscow - (UPI) - The wave of

"four-day" influenza plaguing Europe has hit Moscow. A number of diplomatic receptions have been cancelled as a result of the outbreak. One of the more prominent victims, reported now recovering, was visiting Polish Communist party leader Wladyslaw Gomulka.
