

8 Per Cent Boost In Crime Reported

Washington—(UPI)—FBI Director J. Edgar Hoover reports that crime jumped an "appalling" 8 per cent in U. S. cities last year. Smaller and medium-sized communities showed sharper rises than metropolitan areas.

Hoover, who has been taking an active part in the drive against juvenile delinquency, also said that preliminary figures showed a 6.5 per cent rise in arrests of youths younger than 18.

Overall 1958 arrests were practically unchanged from

the previous year, however. The FBI gave no explanation as to why arrests remained about constant while crime rates were rising except to note that some persons were arrested for more than one offense.

The report covered known crimes in U. S. cities of 25,000 or more population. The figures showed the greatest overall increases—11 and 10 per cent, respectively—in cities of 50,000 to 100,000 and 25,000 to 50,000.
