

See the new RCA WHIRLPOOL washer...

it's self-setting!

Automatically changes its action to suit your wash

Exclusive 2-speed Surgilator* agitator action gets clothes cleaner without harsh scrubbing. Longer strokes set up a gentle swirling motion. Curved vanes create surging currents in all directions. This livelier water circulates clothes freely and flexes them gently thousands of times to loosen the most stubborn soil. An exclusive, patented feature in all RCA WHIRLPOOL automatic washers.
