Thursday, March 12, 1959 9A MAIL TRIBUNE, MEDFORD, ORE.

ARRESTED—Sarah Churchill, 44-year-old actress daughter of Sir Winston Churchill, had to be bodily carried into a London court to face charges of being drunk and disorderly at 10 o'clock in the morning. (File photo). It took four policemen to get her into court.

WCA Hearings Due In Areas Involved

Washington—UPI—Sen. Richard L. Neuberger (D-Ore.) said he has received assurances from the Civil Aeronautics Board that hearings involving the renewal of temporary certified air service by West Coast Air Lines to Baker, La Grande and Ontario, Ore., will be held in the area served.

Neuberger had written the CAB chairman urging that hearings be held in the field at Baker, where local people would have ample opportunity to testify.

Neuberger said the CAB had written him that in announcing the program whether air service airlines three years ago should be renewed the Board said hearings would be held on routes of carriers involved. The letter said no decision had been reached.

Senate Approves Draft Extension

Washington—UPI—The Senate Wednesday overwhelmingly approved a four-year extension of the draft law after rejecting a move to limit it to two years.

The vote was 90 to 1, with Sen. William Langer (R-N.D.) casting the lone dissent.

Final approval of the bill came after Armed Services Chairman Richard B. Russell (D-Ga.) told his colleagues they should "let the word go out from the Senate chamber that the United States means what it says when it says we must maintain the military strength of the United States."
