Stokes Benefits From Ball Tilt

Pittsburgh - (UPI) - The "little guys" defeated the "big guys", 79-76, in a basketball game Tuesday night but one big guy, Maurice Stokes, is the big winner today in his fight against paralysis.

More than \$5,000 was collected from a crowd of 5,528 to help meet the mounting medical expenses that the former St. Francis, Pa., College and Cincinnati Royals star has incurred since he suffered a brain ailment about a year ago.

The "little guys," a collection of Pittsburgh area college stars who are under six feet tall, used blinding speed to come from behind in the second half to edge their opponents, all of whom stand over 6-5. All the players were drawn from colleges in Pennsylvania, Ohio and West Virginia.

High Jump Star Thomas Suffers Bad Foot Cuts

By DICK DEW

Boston - (UPI) - World high jump king John Thomas today was recovering from an injury that came within an eyelash of ending his brief career.

The 18-year-old Boston university freshman suffered severe cuts and a large blood clot on his all-important left or "takeoff" foot while working in a school elevator Tuesday.

Doctors announced following an hour - long operation although nerves and tendons had been laid bare in the accident, none had been severed and no apparent permanent damage had been caused.

Make No Predictions
Physicians were cautious, however, in predicting that Thomas would continue his record-shattering high jump pace. The 6-4 3/4 son of a Negro bus driver was expected to be back in classes next Monday but out of athletic action for from 8 to 12 weeks, doctors said.

The accident was the latest in a short but sensational Thomas career which included 13 records set in just under two years.

His world record jump in the National AAU meet at New York Feb. 21 completed his indoor campaign. It surpassed the world record of 7 feet, 1.2 inches established outdoors in 1957 by Russia's Yuri Stepanov.
