### Trade With China Memorial Voted

Salem—UPI—A memorial asking Congress to establish trade relations with Red China has been adopted by the Senate by a vote of 16-14.

Sen. R. F. Chapman (D-Coos Bay) told the Senate that the coastal area was losing a great deal of business as a result of the ban on trade with Red China.

"This is not a memorial urging recognition of Red China," Chapman said. "The United States engaged in trade with the Soviet regime and why should we not trade with Red China?" he asked.

### Confessions Bill Defeated in House

Salem—UPI—The House has killed a bill which would have provided that no statements or confessions made under compulsion or without prior explanation of the accused's rights could be admitted as evidence in a trial.

Rep. Keith Skelton (D-Eugene) sponsored the bill and defended it on the floor, although he said there had been considerable opposition from police chiefs, district attorneys and Municipal Court judges.

Opponents of the measure feared it would hamstring police officers in making arrests.

### Steel Price Freeze Proposed by Union

New York—UPI—The United Steelworkers of America has proposed a steel price freeze with wage increases based on productivity for a non-inflationary contract settlement.
