

Wilson School to Hear Dr. Young

Wilson school PTA members will have a chance to find out about "Unusual Ways to Stimulate Reading by Children" Friday at 7:30 p.m.

Kenneth G. Young, director of curriculum for Siskiyou county, California, schools, will present an hour-long talk on ways to help children read.

Mrs. Audrey Nelson, program chairman, said Dr. Young's talk will cover such areas of reading as local and state historical material on livestock brands, local history and government, and local literature and music. Portions of his talk will be illustrated with slides and tape recordings.

Mrs. Nelson hopes that all parents will take advantage of hearing the discussion, particularly during National Library Week. Library Week, with the theme "Wake Up and Read," ends Saturday.

The Medical Roundup

by *Walter Young*

Emeritus Consultant in Medicine, Emeritus Professor of Medicine, Mayo Clinic

New Test for Thyroid Gland

For years we doctors have estimated the activity of the thyroid gland with a machine which measures the amount of oxygen used by the patient in an interval of time. Usually, I don't bother with this measurement because so often I can tell by looking at the patient and feeling the temperature of her hand whether her thyroid gland is too active or too sluggish. If it is too active, when I shake her hand, I may notice that it is feverish; she is likely to be fidgety; she may be perspiring excessively; she
