Try and Stop Me By BENNETT CERF MARY HEALY saw a dress she just loved in the window of a Dallas department store, but practically fainted when she found out what it cost. "Can you imagine," she told her husband, Peter Lind Hayes, later, "they wanted \$2,500 for that dress?" "Cheer up," counseled Peter. "They're probably cheaper if you order six at a time." A Hollywood agent told his chum glumly, "My wife threatens to leave me if I don't stop running around." "Too bad," said the chum. "Yes it is," agreed the agent. "I'm going to miss her." A used-car dealer, trying to sell a teen-ager a ninth-hand hot rod, let him take it around the block for a trial spin. "It runs good," admitted the kid when he came back, "but it's not for me. I can't make it back!" © 1959, by Bennett Cerf. Distributed by King Features Syndicate.

Industrial Stocks Reach Record Highs New York—UPI—Industrial stocks rose to new all-time highs today to feature an irregularly higher market. Profit taking in the wake of the market's recent strong upsurge was the only thing that prevented stocks from scoring another general advance. Even so, there were a number of wide gainers in the list. The rails and utilities were generally mixed. Electronics were strong. Zenith, after being off more than 11 points at one time, snapped back and ruled around 3 points higher near the close. Texas Instruments was very strong, as was Linton in this group. The steels had gains running to a point or more in U. S. Steel and Inland. Some of the drugs met good support. Gains in this group exceeded 2 points. Macmillan Backs Eisenhower's Plan London—UPI—Prime Minister Harold Macmillan has backed President Eisenhower's step-at-a-time nuclear disarmament plan in a personal letter to Soviet Premier Nikita Khrushchev, it was announced today. Eisenhower's proposal, made in an April 13 letter to Khrushchev, calls for an installment plan limitation of nuclear weapons tests. The first step would provide for a ban on tests in the atmosphere up to 30 miles above the earth, those which contribute most heavily to increases in radioactive fallout. Khrushchev has not yet replied to the President, but news of his letter's existence was broken by the Russians Monday at Geneva, where the talks on nuclear test suspension are in progress. "We Really Goofed," Sen. Morse Declares Roseburg—UPI—Sen. Wayne Morse (D-Ore.) between planes at the Kansas City airport Monday, told newsmen returning to Oregon from ceremonies launching the "On to Oregon Cavalcade" that "we really goofed" in not having a congressional delegation at Independence, Mo., to see the wagon train off.
