

Billy Martin Sparks Cleveland Over Tigers With 3-Run Homer

By MILTON RICHMAN
United Press International
Billy Martin has collected five World Series checks already and now is working on his sixth one with Cleveland just so he can wave it in front of Casey Stengel this fall.

Impish Billy knows Stengel is a banker but it's doubtful he would ask Casey to cash it. The two haven't exactly been buddies since the Yankees let Martin go in 1957.

Any time Martin can "snow" Stengel, his day is complete. Like he did Thursday when he smashed a three-run homer in leading the Indians to a 10-4 victory over the Tigers.

So what if he only raised his average from .132 to .171? The important thing is his blow capped a decisive five-run rally and increased Cleveland's American league lead to three games over both the Yankees and White Sox. It also insured the fast-breaking Indians their ninth triumph in 10 games this season.

Pitches Scoreless Ball
Rookie Jim Perry, making his major league debut, started for Cleveland but was knocked out in a three-run fifth. Dick Brodowski took over, held the Tigers scoreless the rest of the way—he hasn't been scored on in four appearances yet this season—and earned his second victory. Ray Narleski, who came to Detroit in a deal for Martin this past winter, suffered his fourth straight loss as the Tigers dropped their ninth game in 10 starts.

The Senators nipped the Yankees, 3-2, and the Orioles beat the Red Sox, 8-7, in the only other American league games scheduled.

In the National league, Philadelphia beat Milwaukee, 4-3, to cut the Braves' lead to half a game; Cincinnati topped Pittsburgh, 5-2, and Chicago defeated St. Louis, 6-1. San Francisco and Los Angeles were idle.

Stage Winning Rallies
Bob Turley, a 21-game winner last season, carried a 2-0 lead into the seventh inning when the Senators rallied for all their runs.

Rookie Willie Tasby was

Dick Brodowski Finally Yields

Cleveland—UPI—Oh well, no one's perfect!

Reliever Dick Brodowski of the Indians was until Thursday when he gave up his first hits of the season in his fourth appearance of the year. Brodowski yielded three hits in 4 1/3 innings but held Detroit scoreless and was credited with Cleveland's 10-4 victory.

So far this year Brodowski has not allowed a single run. Nor did he give up any in five relief appearances with the Indians last season.

Moran To Play For Truck Quint

Milwaukee—UPI—Marquette's Mike Moran, a draft choice of the St. Louis Hawks of the NBA, said Thursday he will play with the Denver-Chicago Truckers in the National Basketball league next season.

the standout as the Orioles, who trailed 6-2 at one point, rallied for three runs in the eighth to down the Red Sox. Tasby drove in four of Baltimore's runs, including the winning one.

The Phillies won their game from the Braves with a three-run rally in the ninth, pinch-hitter Gene Freese homering with one on to tie the score and Granny Hamner following with another homer for the clincher.

Brooks Lawrence, who did not beat the Pirates all last season, checked them on five scattered hits for his first victory of the campaign.

Walt Moryn and Dale Long each teed off on Lindy McDaniel for homers in the sixth inning as the Cubs dealt the Cardinals their ninth setback in 12 games.

SO Hitting Being Led By McAbee

Ashland—It's fishing season this week end and the baseballers of Southern Oregon college are getting a vacation prior to the game with Oregon Tech next Tuesday at 3 p.m. on the SOC diamond.

Thus far in the Oregon Collegiate conference the Raiders have a 4-1 record, good enough to keep them in first place in the defense of their OCC crown.

Jimmy McAbee, Raider catcher, leads the hitting statistics with a .425 average. His hits include two home runs, a double and a triple. McAbee has also scored 16 runs and batted in seven in addition to reaching base 11 times via free passes.

Although batting only .305, Phil Sword is right along with McAbee in the slugging department with two homers, five doubles, 10 RBI's and seven runs scored.

Others Over 300
LeRoy King, .308; Jim Dietz, .342, and Larry Maurer, .313, are the only other Raider regulars hitting over .300 mark in 13 games.

As a team the Raiders have a .277 batting average with 109 hits. Eleven have been doubles, three triples, and seven home runs.

Don Vannice has the top earned run average among the pitchers at 3.73 with Dave D'Olivio close behind with 3.81. Tom Speelman has a 4.02 ERA.

Vannice has the most strikeouts at 23. He has given up only nine earned runs in the 21 2/3 innings he has pitched. Dale Walter is the top reliever with a 1.80 ERA and pitcher Kermit McLemore has a 6.97 ERA. Teamwise the Raiders have a 4.01 ERA.

Portland—UPI—The University of Portland basketball team will meet Xavier and Dayton on a road trip next February, Athletic Director Al Negratti said today.

WOODS, WATER, WILDLIFE

By Hank DeVoss

There was quite a squawk from many of the fishermen down here when the game commission decided to try to do something for our declining salmon and steelhead runs and closed the Rogue river until May 30. Now the young downstream migrants have a chance to get to the ocean without having to run through such a gauntlet of hooks disguised as something either tasty or interesting. But it leaves some fishermen with a feeling of having no place to fish. This particular column is an attempt to prove this to be just a silly notion.

FISHING SPOTS GALORE

It's surprising how many fishing spots turn up when you start looking for them. Starting with the closest fishing spot and progressing out to the farthest that could be considered for a one-day fishing trip, there are eight lakes and reservoirs and at least six streams open to trout fishing this coming Saturday. This should be enough to provide plenty of indecision as to where to go. The lakes are Willow creek reservoir, Squaw lakes, Howard prairie reservoir, Lake of the Woods, Big Bend reservoir, Klamath lake and Agency lake. The streams are Upper Elk and Big Butte creeks, the upper Rogue and its tributaries, Keen and Jenny creeks, and the Klamath river.

LAKES FOR BIG FISH

A six inch trout is the minimum size the law allows but there isn't any limit on the maximum size and some of the lakes have fish of a size to give palpitation of the breastbone to the calmest of anglers. Squaw lakes will have fish up to about 13 inches long and good fishing is possible from the shores for those without boats. Lake of the Woods should have rainbows up to 17 inches maximum. Willow creek reservoir rainbows will scale up to 22 inches with a few native cutthroat over the two foot mark. Howard prairie reservoir plants should be 8 to 10 inches long now. (I got a hot tip that the construction workers on the Talent project were catching natives last year and they were running up to two pounds. And now they're a year older!)

OVER THE DIVIDE

Big Bend reservoir was created by the new dam on the Klamath river just below the Green Springs road crossing. It is about three miles long and contains 3,600 acre-feet of water. Around 10,000 legal size rainbows were planted a couple of weeks ago and there are a number of fish being caught running up to

CREEKS AND RIVERS

For big fish the Klamath river, either in California or Oregon, is the best bet. There are a few summer steelhead in the Hornbrook area and the river has resident fish of good size in Oregon on up to the Keno area. Keen and Jenny creeks are crossed by the Green Springs road and provide nice, tasty catches of trout, some of them over a foot long. The Rogue river will be open above Laurelhurst bridge and anglers ought to find a few fish over 16 inches long in the forks or other upper tributaries. Big Butte creek always has some big fish available on opening day. They come from below the deadline at the Cobleigh bridge and from the hatchery at Butte Falls, though there are usually a few old mossbacks who survived the season last year. Elk creek used to have one of the best season run cutthroat runs in the Rogue drainage and the lucky angler might find a few above the deadline at Burnt Peak road crossing.

A WIDE CHOICE

This is a brief rundown on the available fishing to be found this Saturday. I think there is a lot of water and variety of trout fishing from which to make a choice as to where to go. If the main objective is to enjoy oneself and not to catch a limit every day, any choice is a good one.

WHAT BAIT, WHICH LURE?

For lake fishing I would like to recommend a small lure on a light line. Gang trolls, like the ford fender, will perhaps produce more fish but they are very unsatisfying unless the fish is quite large. Still fishing with eggs or worms can catch fish, but it is a well known fact that chumming is an illegal aid to many still fishermen. For the streams garden hackle or single eggs ought to find many a willing taker. Roll it on the bottom and work it into the deeper eddies and pockets, this and a bit of luck will soon have the reel singing.

THE OPTIMIST'S CORNER

The people who live in this valley and appreciate the gifts of nature, be it the primitive forest or the lure of seeking her fish and game, are surrounded by a treasure which money cannot buy. The privileges we enjoy in the forest and on the streams and lakes are denied to many who live their lives in brick and concrete worlds. We are fortunate but if we aren't wise in our use of these gifts, they can slowly but surely be taken from us. So while we enjoy these values today, we should realize that we'll keep them only if we are willing to fight to keep them and so we will.

GOOD LUCK!
