

Combined Spring Music Festival Slated at Hedrick

The combined spring festival of the elementary schools of Medford will be held at Hedrick Junior High school at 8 p.m. Friday, May 8, Justin L. Dyrd, vocal music supervisor and festival coordinator, has announced.

The concert is open to the public and is offered as a highlight of National Music Week, May 4 through 8, he said.

Theme of the program is "A musical salute to Oregon" and is arranged along lines which coordinate with the Oregon Centennial motif. A correlating narrative will underlie the vocal portion of the program, and will serve as an introduction to various sections of the progress of Oregon's development is traced through music.

Opening Program

Opening the program, Dyrd said, will be the elementary orchestra under the direction of Audrey Bartlett. The orchestra, consisting of about 110 students, will be featured in both full orchestra and string section, he said.

The combined bands of the elementary schools, under the direction of Irv Mirick, will be featured following the elementary orchestra. The band is composed of about 180 members and has been rehearsing in special practices Saturdays.

The combined choruses, consisting of 620 fifth and sixth grade students, will review the story of the development of Oregon. Among selections scheduled by the choruses are a prologue, "Wagon Wheels," "Tumbling Tumbleweed," "The Oregon Trail," "Roll on Columbia, Roll On," and "Let There Be Music in the Lives of Men."

Dyrd will direct the vocal portion of the program.

Scholarships Made Available in Area

Seniors graduating from Medford, Crater, Jacksonville, Phoenix, Talent and Ashland High schools this year are eligible to compete for a \$500 scholarship sponsored by Oregon Nevada California Fast Freight, Inc., and Southern California Freight lines, C. C. Proctor, sales representative here, said today.

The scholarship program, "step to knowledge," is open to students at 62 high schools in communities served from ONC-SO-CAL terminals located in cities which have no more than 60,000 population in Oregon, Nevada and California.

Scholarship winners may select any accredited college or university in the United States, Proctor said. Winners will be selected on the basis of scholarship standing, and extra curricular activities.

Preliminary screening of applications will be by a judging committee of local educational, business and professional men, Proctor said.
