New Industry Started In Ashland Recently

Ashland—A new industry, Ashland Woods Products, has begun the manufacture of patio furniture after receiving encouragement from the Ashland Economic Development commission.

Willis Hight, Ashland, who established the firm, said he has leased a warehouse building owned by Timber Products, Inc., at B. St. and Mountain ave. where he installed saws and other equipment.

Ready-to-assemble barbecue tables and benches cut from finished incense cedar are the first products. Hight said the plant can produce 30 of the sets in one shift and can be increased substantially in a short time if orders develop as expected.
