School Building Program Voted

Salem —(UP)—The building program for the State Board of Higher Education, which received final legislative approval Wednesday, totaled \$10,062,000. Buildings include: Oregon State College: Physics-chemistry building addition, \$2,515,000; central heating plant addition, \$990,000. Portland State College: Classroom building, \$2,750,000. University of Oregon: Science building, first addition, \$1,705,000. Oregon College Education: Central heating plant and service building, \$375,000. Eastern Oregon College: Hoke Hall addition of classrooms and laboratories, \$153,000. Medical School: Medical research building, \$1,297,000 to be matched by federal money. Service building addition, \$200,000. Dental School: Research labs and seminar rooms, \$75,000.

Delegates Named To Vets Convention

Eleven delegates to the state convention of Veterans of World War I, to be held in Albany June 5, 6, and 7, were elected Wednesday at a meeting of Medford Barracks 540, VWWI. Twenty new members were accepted into membership at the meeting. Attending the convention from Medford will be Norvin R. Walters, Alvin C. Lucas, Shell Hale, Arthur L. Schrack, George M. Herbstruth, Thomas Edsall, Edward R. Goodwin, Harden A. Turnbough, Bennie Allison, Charles J. Meyers, and Fred C. Meyers.

The barracks made plans for operation of a concession at the Jacksonville Golden Jubilee, with proceeds to be used to sponsor one or more crippled boys or girls at Camp Easter Seal, operated by the Oregon Society for Crippled Children and Adults. Those interested in the camp, which will be held in four sessions from June 28 to August 6, may apply by calling Pat Graham, SPring 2-4182.

Farm Crops Club to Hold Tour in Area

Approximately 15 members of the Oregon State college farm crops club will visit Jackson county tomorrow during their annual tour of the state's farm areas. The club members will visit Jackson county farms Friday afternoon. Following the tour the Jackson County Agricultural committee will sponsor a dinner at the Eagle Point Grange hall, starting at 7 p.m. Everyone interested may attend the dinner. Each year club members visit a different area of the state to observe different types of farming. This year they are traveling along the coast.

Four Interim Groups Receive Senate Approval

Salem —(UP)—The Senate Wednesday approved four House-approved resolutions authorizing appointment of legislative interim committees. The only opposition to any of the four came on one calling for an interim committee on education and carrying an appropriation of \$75,000. This resolution calls for a special study of school finances as well as other problems relating to public education in the state. Sen. Walter Leth (R-West Salem) led the opposition, strongly supported by Sen. Andrew Naterlin (D-Newport).

Separate Committees

Both the senators wanted two separate committees, saying that all education problems could not be investigated by one committee. There also was a little opposition to passage of House joint resolution 37 where again Naterlin felt that the committee had too much work to do. This interim committee was given \$25,000 to study a proposed merger of the State Fish and Game Commissions, establishment of a state department of natural resources and other natural resource matters.

\$600,000 Expenditure

Corbett explained that the Ways and Means Committee had 23 bills calling for interim committees with a proposed total expenditure of about \$600,000. "We cut these down to nine and I think that here again subcommittees can be appointed to study the various facets of the investigation. A committee to study taxes to consist of 11 members was approved as was a committee to conduct an overall probe of the state welfare administration, both on a state and county level. Both these committees were given \$25,000 to carry on their work for the next two years.

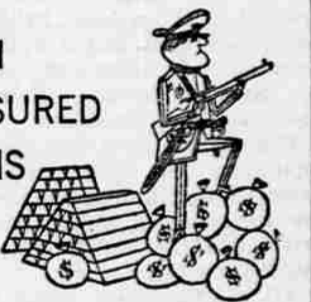

Boys Apprehended for Shoplifting in City

Two Medford boys, 12 and 13, were apprehended yesterday in connection with shoplifting at Van Lee's Super 88-cent store, 127 North Central ave., Medford, police reported. Police said the boys were released to their parents, pending possible action by county juvenile authorities, after questioning concerning the theft of about \$1.50 in jewelry.

Policeman Doubts Bravery of Thief

Richmond, Va. —(UP)—W. B. Dorsey doubts the thief who stole six shirts and a pair of trousers from his car will be bold enough to wear them. Dorsey is a policeman and the missing items were from his uniform.

MORE MONEY THAN
FORT KNOX... AT INSURED
SAVINGS AND LOANS

The United States has a gold reserve of \$20.4 billion—the bulk of it located at Fort Knox. It's the backbone of the U. S. currency system.

Yet the reservoir of savings at the 3,900 FSLIC-Insured Savings and Loan Associations like ours is more than double the amount of U. S. gold at Fort Knox. These associations now located in every state have promoted thrift and home ownership for 128 years. Locally owned and managed, Insured Savings and Loan Associations like ours boast a phenomenal record of growth. Within the past 10 years, savings at these Associations have increased four-hundred per cent. Americans on the average put in \$54 million and withdraw \$35 million every day.

Keeping money on the move, home loan experts at Insured Associations invest savings principally in first mortgage home loans—sound investments which earn good returns. Last year alone more than \$1.4 billion in earnings were paid to savers by these institutions.

Here your money works hard to earn more money. Savings are well protected by substantial reserves and sound management. In addition, accounts are insured up to \$10,000 by the Federal Savings and Loan Insurance Corporation.

Clearly, here's a safe, profitable way to invest trust, pension, endowment, corporate and personal funds. Why not talk to us now?

WHERE YOU SAVE DOES MAKE A DIFFERENCE!
