

Woods, Water, Wildlife

By Hank DeVoss

This is the tail end of conservation week and many words have been said in lengthy attempt to tell, admonish, advise and demand that we be less wasteful of our natural resources. Whether or not any of this will do any good remains to be seen, but we all know that we are changing the face of the earth and many of us are fearful of this change.

"The Oklahoma Farmer-Stockman recently sponsored a contest for the best essays suggested by two pictures, one showing a dilapidated house and the other a field badly eroded.

"First prize went to a Cherokee Indian who wrote:

"Both pictures show white man crazy. Make big tepees. Plow hill. Water wash. Wind blow soil. Grass all gone, papoose, too. No chuck away. No pig, no corn, no hay, no cow, no pony. Indian no plow land. Keep grass. Buffalo eat. Indian eat buffalo. Hide make tepee, moccasins, too. Indian no make terrace. No build dam. No give a damn. All time eat. No hunt job. No hitchhike. No ask relief. Great spirit make grass. Indian no waste anything. White man crazy."

Thanks Tracy."

LEGISLATIVE ROUNDUP

Now that the 1959 legislature is closing up shop we can look over the remains of those bills which were our particular business. The steelhead bill died in committee. The bill to control gravel removal from streams suffered the same death on the floor of the house. The part of a bill which would have allowed industrial use of Rogue river waters was deleted by the part allowing withdrawal of Rogue waters for wildlife was passed. Life has its up and downs, and conservation got a glimmer of light this year.

MOVING OUT

It may be remembered that the Department of Interior closed a half-mile strip on each side of the Rogue from Galice ranger station to Ilahie. Its use is now limited to recreation only. Within

this area there are several mining claims which were filed for the purpose of living on the river. The Bureau of Land Management is now pushing for the abandonment of these claims on the basis that they were not proved upon by any mining operation. I imagine there will be some squawking about this, from places both high and low.

ANOTHER PELTON

The latest word is that the rural power outfit of Coos and Curry counties can build its dam on the Illinois river in the same manner as Pelton was built on the Deschutes river. The Federal Power commission can grant any private power company a license to build and there is nothing the state of Oregon can do about it except get mad. Our own Senator Richard Neuberger is trying to change the law so that all decisions by the FCC must be okayed by the Secretary of Interior. This sounds better than the way it is now, when disinterested persons can grant others the right to ruin our streams without recourse on our part.

A BOO BOO AGAIN

White federal agencies are being mentioned it might do to note that the Bureau of Reclamation planners who designed the operation of the screens built at Savage rapids dam have handed us a lemon. The trash racks protecting the bypass screens were designed improperly and are out of alignment. The only method for cleaning them is to clear them manually with a hand rake. The fact that the racks extend more than 20 feet under water would make this seem rather difficult. Let's hope it works.

THE ANGLER'S LOG

Things are good and bad here and there. We know the fish are still there and that's all we need to know to try it again.

WILLOW CREEK - Fishing has been excellent. FF&W and MetL fly seem to be doing the most good. Trolling a wolly worm has also done the business. Fly fishing in the evening with coachman or black ant is producing. No boats or cabins available but lots of camping area.

SQUAW LAKES - Nothing doing on Big Squaw. Little Squaw is giving up a few to a slow troll with FF and eggs.

HOWARD PRAIRIE - A few limits of eight inches that are the fattest, fastest growing trout in the area. These plants have doubled their size since last August and attest to the tremendous amount of feed in this lake.

LAKE OF THE WOODS - Lousy! They've had bad weather with a lot of wind. Cleared yesterday and now a big bug hatch is appearing on the lake. The dark moon may have them on a feeding rampage during the day. Lots of boats available.

KLAMATH LAKE - Steve Stevenson of Grants Pass is top man again with a 4 1/2 pounder. FF&W with a slow troll is doing the business. Limits are being taken at the mouth of Harrison's creek. Average fish is a three-pounder. Lots of boats to be hand.

Bob Duden Oregon Golf Champion

Portland—UPI—Bob Duden fired a scorching hot 65 over the Columbia-Edgewater course Thursday to win the Oregon Open golf championship in a playoff with Joe Greer of Yakima.

Greer finished seven strokes behind with an even-par 72. Duden fired a 33 on the first nine and came home with a 32 in sunny, 70-degree weather.

The two professionals tied at 283 at the end of the 72 hole regular play. Ron Caperna, who had a 310 for four rounds, and Dr. Robert Buck, who shot 312, were the only Rogue Valley Country club entrants to survive the cut of players after two rounds of play in the Oregon Open golf tourney.

Heman Hurls No-Hit Victory for Padres

By DON BECKER
United Press International

Strapping big Russ Heman's brilliant mound performance Thursday night ended a Pacific Coast league drought for nine inning no-run, no hitters that dates back to 1954.

Los Angeles' Bubba Church was the last one to turn the trick when he stopped Portland over the full route five years ago.

Heman's effort against the Vancouver Mounties, which saw San Diego win, 2-0, was almost perfect. Only two men got on base—one on a walk and another on an error. And only one ball came close to being a hit. Mountie Barry Shetrone belted a fly to right

that Stu Locklin caught with his back to the wall.

The 26-year-old Heman, 6-4, 200 pounds, ran his record to 3-0. In 36 innings this season, the righthander has allowed only four earned runs and 12 hits. Heman hurled for San Diego last year, had a so-so 9-12 record, but a highly respectable earned run average of 3.20.

In other PCL games Thursday night, Seattle edged Phoenix in a 14-inning thriller, 5-4. Portland belted league-leading Sacramento, 10-2, and Spokane beat Salt Lake, 8-2.

The Padres scored their two-runners for Heman in the seventh and ninth innings. Rudy Regalado belted a home run, his fourth of the year, for the first Padre score. An error and a sacrifice fly accounted for the other tally.

Heman mowed down the Mounties with monotonous regularity. The Padre infield was responsible for 20 put-outs.

Harry Malmborg was the hero for Seattle. He singled to left with two out in the 14th inning to score Eddie Kazak with the winning run. Veteran Max Surkont, who came on in relief in the sixth and blanked the hard hitting Giants the rest of the way, was the winning pitcher.

Solon Lead Shaved

Sacramento had its league lead over San Diego cut to one game as a result of its shellacking at the hands of the Portland Beavers. Jim Greengrass, hitting around .200 going into the game, belted a pair of solo homers and two singles to lead the Beavers to the plate.

Nini Tornay also homered for the Beavers while 22 year old Clay Dalrymple knocked one out of the park for Sacramento. Howie Reed pitched the whole game for Portland and gave up seven hits.

MEDFORD TRIBUNE SPORTS

A-2 Division Track Scrap On Saturday

Track and field, so far as state prep laurels are concerned, reaches the crucial stage this week end in District 6 A-2.

Sub-district eliminations are the order of business. The southern division and Rogue league meet is set for Saturday at Southern Oregon college in Ashland. In the northern sector, the Umpqua Valley league, spikers were contending today.

First three placers in each event of the two sub-district tangles will qualify for the full district meet on May 16 at Ashland.

Entrants Saturday in the Rogue league scrape will include defending champion Phoenix high, Eagle Point, Henley, Illinois Valley, Rogue River and Glendale.

Phoenix Sets Season Pace

Phoenix has been victor in meets opposing Eagle Point, IV and Rogue River and was the top A-2 participant in its Little Rogue relays. However, both Eagle Point and Henley are expected to make some of the strongest bids for sub-district laurels.

Division individual champs defending are fleet Bill Turner, Eagle Point, in the 100 and 220-yard dashes, Bill Dillree, Phoenix in the high hurdles, Mike Hanby, Illinois Valley, in the pole vault and Burrell Gober, Henley, who won the high jump.

The meet at Ashland opens at 10 a.m. Field event finals and dash and hurdle prelims will be in the morning. Race finals will open at 1:30 p.m.

Crusaders, Redskins Vie In 5B Track Meet at KF

St. Mary's of Medford and Jacksonville will be the only entries from Jackson county in the District 5B prep track meet.

The engagement for small school scantclads will be on Klamath Union high's Modoc field on Saturday.

Klamath Country entrants will include Merrill, Malin, Bonanza, Chiloquin and Bly. St. Mary's is the defending champ. After winning the 1958 area toga the Crusaders went on to place second in the state. The Medford school

showed strength last month when a nine-man team won the C division of the Hayward relays.

Merrill and Bonanza loom as the strong aggregations east of the Cascades. This rating is based on the outcome of the Klamath county meet last week end. Merrill was second in the conflict, be school. Bonanza was third.

Preliminary events on Saturday are billed for 10 a.m. with finals planned for 1:30 p.m.

Full Squad

St. Mary's high mentor Bill McKibbin said that it is planned to have a full Crusader squad at Klamath Falls. On the doubtful list was sprinter Alex Mete, who has been ill.

Individual defending champs for SM are Carl Michael in the discus and shot put, Dick Evans in the mile, and Terry Cooper in the javelin.

Jacksonville will have about 10 men entered. Redskins dashman Doyle Branson suffered a long cut on his leg about two weeks ago but coach Glen Schireman said that he will be ready to run on Saturday.

Jacksonville had five second places in the 1958 district meet. Branson took three of them, in the 100, 220 and broad jump. The other Redskins runners-up were Ken Perrard in the high jump and Jerry Coe in the quarter-mile.

Defending individuals for Merrill on Saturday will be the relay team of Bill Beasley, Charles Roller, Bud Maupin and John Haskins. Maupin in the 220, Haskins in the 100 and Roller in the high hurdles.

RAWLS HEADS

Southern Pines, N.C.—UPI—Betsy Rawls of Spartanburg, S.C., led a field of 23 lady pros and 13 amateurs into today's first round of the 54-hole Southern Pines Invitational golf tournament.

Lincoln Has High Track Tilt Count

Lincoln, with a strong showing in Class A, piled up high overall score yesterday in a city grade school triangular track fracas.

Lincoln won Class A with 40 points and had an aggregate for three classes of 85. Hoover, winner in Division B with 31 1/2 and in Division C with 33, was second overall with 82 1/2 and Jefferson totaled 76 1/4.

One new record was set with Don Young, Jefferson, pole vaulting 7 feet 9 inches. In Class A Jefferson had 30 1/2 and Hoover 18 1/4. Class B counts included Jefferson 27 1/2 and Lincoln 23. Lincoln collected 22 in C division and Jeff 18.

Biggest Crowd in History Of Baseball Sees Yanks Defeat Los Angeles 6-2

By HENRY RIEGER

Los Angeles—UPI—Baseball's greatest crowd, in spirit and size, added today to the living legend of Roy Campanella. A record crowd of 93,103 jammed Memorial Coliseum Thursday night to see the home-town Dodgers play the world champion Yankees in an exhibition game—and to honor a player most of his fans never saw in action.

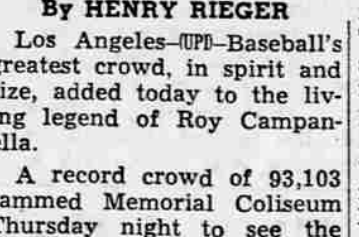

The outcome of the game, won by the Yankees, 6-2, was of secondary importance for the Los Angeles fans, who waited more than a year to pay their respects to the partially paralyzed Campanella on his big birthday night.

The crowd was almost 7,000 greater than the previous baseball record—86,288 set at the fifth game of the 1948 Indian-Braves World Series in Cleveland.

"Will Never Forget" "This is something I will never forget for the rest of my life," said Roy, after he was wheeled to second base
