

CURAD[®] New "mercy bandage" won't pull the scab off

Unlike gauze bandages, new CURAD with non-sticking Telfa[®] pad won't hurt when you take it off... won't reopen healing wounds

No more crying when the bandage has to come off. New Curad "mercy bandage" has a pad of Telfa (like the Telfa Dressings used in hospitals). Gauze is covered with a plastic surface which never sticks to the wound, won't pull the scab off.

Flesh color or transparent for adults, Battle Ribbon colors and designs for the kids. Medicated. Waterproof.

Curad bandages for cuts, scratches, Telfa sterile pads for larger wounds.
