Inquiry Slated For 'Significant' Income Tax Cuts

Washington—UPI—The House Ways and Means Committee is launching an extensive inquiry aimed at "significant" income tax cuts, presumably next year.
 Chairman Wilbur D. Mills (D-Ark) said Sunday the committee hoped the tax base could be broadened enough to permit "significant" reductions in individual and corporation income tax rates without sacrificing the revenues needed by the government.
 The committee timetable appeared designed to permit congressional action on taxes before the 1960 presidential elections. Democrats and Republicans alike would like to lay a tax reduction before the voters.
 President Eisenhower has been hinting at 1960 tax cuts. He said in January, however, that chances for reductions depend largely on the treatment Congress gave his \$77 billion budget.
 Eisenhower's chief economic adviser, Dr. Raymond G. Saulnier, said Sunday that it was still "too early" to give an administration position on tax cut possibilities for next year.

Prospect for Surplus
 He said if the fiscal 1960 budget, for the year beginning July 1, does end up balanced as hoped, and the economy continues to expand then there would be a prospect for a "small surplus" in fiscal 1960.
 Saulnier said a surplus could be used either to reduce the national debt or for tax reductions. But, he said, "it's a little previous" to predict which path the administration would recommend.
 Mills said in a statement that his committee's forthcoming study will be aimed at "constructive reform" of the federal tax system.

Search for Martin Vehicle Called Off
 The Dalles — UPI — The search for the station wagon of the missing Martin family of Portland was called off "at least for the present" Sunday afternoon when search attempts failed.
 A heavy drag-magnet was used by the Coast Guard in the Columbia river near here, but results were negative. Skin divers also probed the murky depths of the river.
 Sheriff Ernie Mosier of Wasco county led a 15-man crew in search of the car at the base of a 40-ft. cliff. Tire tracks were found about the cliff partially covered with weeds. The tracks indicated a vehicle might have gone into the water at that point.
 The bodies of the two youngest Martin' daughters have been recovered from the river. Still missing are Ken Martin, his wife and their oldest daughter, Barbara.

Police Risk Hot Wires To Save Man
 Portland — UPI — Three policemen took a chance on death here Sunday when they pulled a 45-year-old man from an automobile surrounded by hot electric wires.
 A car driven by Francis A. Fugere struck and broke off an electric pole. The pole landed on top of the vehicle and was carried about 33 feet before the car came to a stop. No wires touched the car, but were hanging around it.
 "We told him to stay in his car," Patrolman Louis de Giovanni said, "or he would be a dead man."
 Helping de Giovanni were patrolman Reginald Bowles and John Traver.
 Voltage in the wires was estimated at 8300 by PGE and PP&L spokesmen. Both companies had wires on the pole.
 There are about 2,500 museums in the United States today, compared with 600 in 1932.

Eddie Cantor's Eldest Daughter Dies of Cancer

Hollywood — UPI — Comedian Eddie Cantor's eldest daughter, Marjorie, 44, died Sunday of cancer.
 The famed comedian, who has been ailing for several years, was placed under sedation.
 Miss Cantor and her four sisters had provided a running gag for Cantor during his radio-television days when he would lament that he had no sons. But his affection for his five daughters was well-known.
 Miss Cantor had suffered from the disease the past two years and entered Cedars of Lebanon Hospital last March 26 for the second time within a year.
 She and her sisters kept the news of her affliction from Cantor and his wife, Ida, until March when her condition became grave.
 Both Cantor and his wife suffer from heart ailments.
 Only the sisters, Mrs. Natalie Matzger of Los Angeles, Mrs. Edna McHugh of Malibu, Calif., Marilyn Cantor of New York and Mrs. Janet Carl also of New York were at Marjorie's bedside when death came.
 Marjorie served for years as her father's secretary and was a writer. She contributed articles to many magazines and traveled extensively with her parents.

La Grande Man Injured in Glider
 La Grande — UPI — Walter Parker, 40, La Grande businessman, was in "fair" condition Sunday night in a hospital here recovering from injuries suffered late Saturday when his glider plane crashed at the base of Ladd Canyon five miles east of La Grande.

 Loren Blanchard, 48, La Grande, driver of a two vehicle tow, said the glider was released after a brief tow and was turning back to land when it went into a stall and plunged from altitude of about 200 feet.
 Parker was alone in the glider. The craft's nose was crushed and its wings broken.

DON'T NEGLECT YOUR CHILDREN!
 Polio isn't licked yet! In fact, among children not vaccinated, paralytic polio cases actually increased in 1958 over 1957. More one-year-olds were stricken than any other age group.
 If your youngsters are still not protected against this feared disease, insist that they start and complete the full series of polio shots NOW.
 The 1959 polio season is almost here. The sooner your children are polio-protected, the safer their futures will be. And since polio strikes all ages—be sure to get your shots too. See your doctor or health department NOW.
