

### Open House Is Held By Hospital

A large cake fashioned in the shape of Rogue Valley Memorial hospital, and decorated appropriately for a "first birthday" was placed on the tea table at the annual tea and open house Friday afternoon in the hospital board and staff room. The open house is an annual event held in recognition of National Hospital week, and this year it also marked the first anniversary of the move into the new building on Barnett road. It was on May 1, 1958, that the transfer of patients and personnel was made.

Approximately 125 persons called between 1:30 and 4 p.m., according to Mrs. Alton Anderson who was chairman of the tea. Tours of the building were made throughout the afternoon, concluding in the board and staff room where refreshments were served.

Following a pink and white theme, Mrs. Anderson and Mrs. Otto Frohnmayer had decorated the room with arrangements of irises, peonies and rhododendrons. Centerpiece for the table was an elaborate tiered glass container of pink rose buds and white tapers. An embroidered linen and lace tablecloth and a silver coffee service had been loaned to the auxiliary for the occasion by Mrs. Alfred S. V. Carpenter.

Pouring during the afternoon were Mrs. John Winton, Mrs. V. Ward Hammond, Mrs. John P. Moffat, Mrs. Shelby M. Tuttle, Mrs. Edwin R. Durno, Mrs. Eugene P. Thorndike, and Mrs. George W. Pitts. Mrs. Winton, Mrs. Tuttle and Mrs. Pitts are all past presidents of the auxiliary, and Mrs. Durno and Mrs. Pitts are life members.

Mrs. Kenneth Baker was in charge of the tours, and among those assisting her were Mrs. Edward P. Barnett, Mrs. Edward W. Sikes, Mrs. Fred Morlan, Mrs. A. K. Morse, Mrs. Robert Morris, and Mrs. Jack Sanborn.

For homemakers who hate to clean ovens, come now electric ranges with oven linings of disposable aluminum foil. The throwaway linings slip into special holders on the bottom, back and sides of the ovens. New linings may be cut from standard rolls of aluminum foil used for other kitchen purposes.

### Society Reports On Medfordite Found on Trip

Occasional showers did not dampen the enthusiasm of the 39 members and guests who participated in a recent field trip of the Rocky Ann Gem and Mineral society. This outing to the Crowfoot area, led by Dwight McCorkle, resulted in several finds of Medfordite, a beryllium-stained quartz variety found only in this vicinity.

While resting, Mrs. Roy Carter hit the ground with her rock hammer and struck a vein of this material just below the surface. This "lucky strike" resulted in extensive "mining operations" by Mr. and Mrs. Carter, Mr. and Mrs. John Dodge, Mr. and Mrs. George Renaker and Pete Able, the club's treasurer. Over 100 pounds of beautifully patterned Medfordite as well as some very nice quartz crystal groups were removed.

Other finds worthy of mention were a 30-pound boulder of this same material by J. A. Harrison, and a 25-pound chunk on Jasper by the club's vice president, Ed Shoup. Apparently the only scapolite crystals were found by Mrs. J. A. Harrison.

Samples of all these materials will be on display at the next club meeting to be held on Friday, June 12, at 7:30 p.m. in the Girls Community club, 229 N. Bartlett street, Medford. All interested persons are invited to attend.

**Cheese Fondue**  
Preheat your oven to 350 degrees. Then grate a cup of sharp cheddar or Swiss cheese. Butter an oblong casserole and cover the bottom with some of the bread slices, then sprinkle with 1/2 cup of the grated cheese. Place triangles of the buttered bread around the edge of the dish to form a crown and arrange the remaining pieces on top of the cheese. Sprinkle the rest of the cheese over the second layer of bread. In a bowl, combine 2 eggs, 1 1/2 cups milk, 1/4 teaspoon salt, 1 teaspoon paprika and beat until well mixed. Pour over the bread and cheese and bake in a gas oven about 25 minutes, or until the egg is set. Serves 4-6.

### Subtle Approach

New York - (UPI) - Ask a woman whether she cleans house in spring or fall and her answer will tell you what kind of a climate she lives in. "Spring" house - cleaners live in areas where the winters are long and cold, while the woman who tears up the house in the fall lives where the winters are mild and the summers long and hot.

### Glamorous Cake Frosting

Combine 1 1/2 cups sugar, 1/2 cup water and a dash of salt and place on the automatic top burner heat control of the gas range set at 212 degrees. Cook until the syrup spins a thread, or to 234 degrees F. on a candy thermometer. Beat 2 egg whites until frothy, add 1/2 teaspoon cream of tartar and beat until stiff. Pour syrup over the egg whites, beating constantly until smooth. Add 1 tablespoon lemon juice and 16 marshmallows cut into quarters. Continue beating until thick enough to spread. Tint with food coloring if desired.

With canned cling peaches and flavored gelatin on hand, you're prepared to turn out delicious spring salads in a jiffy. For supper tonight, try combining canned cling peach slices with raspberry-flavored gelatin. In preparing the gelatin, substitute melted currant jelly and fresh lemon juice for part of the liquid. Serve with a tangy dressing made from commercial sour cream. For a party salad, arrange canned cling peach slices in a ring mold, and cover with enough partially-set lime-flavored gelatin to hold the slices in place. Chill until firm; then fill the mold with more lime-flavored gelatin which you've combined with sieved cottage cheese and a little fresh lime juice.

### Grand Guardian Guest in Medford

The average American family owned \$8,300 worth of life insurance, an increase of 57 per cent in the last five years.
