Moderate Rises Can Be Expected in Revenues

City budget committees can anticipate a moderate increase in allocations from state highway and liquor revenue in the coming fiscal year, according to the current news letter of the League of Oregon Cities.

The general improvement in business is one factor in these estimated increases, the news letter states.

"In the case of highway revenues," the report continues, "it is significant that, due in part perhaps to the weather, gasoline tax receipts during the first quarter of 1959 were nearly one million dollars higher than 1958 receipts for the same period."

"It is anticipated that the Centennial celebration will increase tourist travel in the state this summer. Motor registration fees and PUC (public utilities commission) motor carrier fees for the first quarter also reached an all-time high."

Some increase in allocations from liquor revenue can also be expected, the news letter states. Cities still receive 10 per cent of net liquor profits, since a bill to increase this proportion died in committee in this year's legislature. A recent increase in prices is expected to yield an additional one and a half million dollars for the state, the report states.

Per Capita Receipts

The League estimates that per capita receipts by Oregon cities from state coffers will rise from \$6.49 in 1958-59 to an estimated \$7 in 1959-60 in highway revenue allocations, and from \$1.25 in 1958-59 to \$1.50 in 1959-60 in net liquor profits allocations.

Medford's estimated 1958-59 highway revenue allocation, according to City Manager Robert A. Duff, is \$145,000. Estimated allocation for the 1959-60 fiscal year is \$158,000, a figure that reflects both increased revenue and increased city population.

The liquor allocation estimates, according to Duff, are \$43,668 for 1958-59 and \$46,000 for 1959-60. These figures include not only net liquor profits but allocations from manufacturers' and importers' tax, liquor permit fees, and liquor license fees.

Obituaries

GUY E. DAVIS

Guy Everett Davis, 61, former Medford resident, died unexpectedly in Roseburg Tuesday.

He was born in Wallowa county, Dec. 19, 1897, and was married to Bethel Alice Hammack on March 20, 1919. He was employed by the Medford school district between 1931 and 1945, when he moved to Klamath Falls. In 1952, he moved to Roseburg where he became maintenance supervisor in the Roseburg school system.

He was an elder in the First Christian church of Roseburg and a member of the Scottish Rite Masonic lodge.

Survivors include his widow, Bethel; a son, Robert G. Davis, circuit court judge of Douglas county; a daughter, Mrs. Kenneth Scripser, Salem; his mother, Mrs. Katherine Davis; a sister, Mrs. Vera Thompson; five brothers, Donald Davis, Roy Davis and Melvin Davis, all of Enterprise; and Claude Davis of Coos Bay and Vernon Davis of Emmett, Idaho; and three grandchildren.

Funeral services will be held at 11 a. m. Friday at Long and Orr funeral chapel, Roseburg. Graveside services will be held at 3 p. m. Friday, at Siskiyou Memorial park, Medford. Medford Masonic lodge, AF and AM, will participate in services.

Mr. Lenderman was born in North Carolina, March 17,

Billiard Burglary Reported to Police

A total of \$84.50 in change, a set of snooker balls valued at \$46 and a cigar box filled with cash register tapes were taken from Foss's Billiards establishment, 415 East Main st., early this morning, Medford police reported.

Police said the burglar broke out a window on the north side of the building, forced a door into the main pool room and broke into a locked wooden cash drawer. The change consisted of 42 rolls of nickels and one roll of pennies, according to the report.

Hospitals Topic Of Kiwanis Club

Hospitals make up the fifth largest industry in the nation, Charles Gustafson, administrator at Rogue Valley hospital, informed members of Medford Kiwanis club yesterday.

He pointed out that "roads to recovery" center in hospitals, that 4,600 patients were admitted to Rogue Valley hospital last year and that hospitals throughout the country had 23 million admissions in 1958.

Gustafson spoke of the cost at Rogue Valley in excess of \$35 per patient day and told of the high purchase price of equipment. He brought out that hospital credit is necessary credit rather than convenience credit. One answer to this, he said is medical insurance.

Guests at the meeting were three Medford High school students who received Kiwanis music citizenship awards at the annual school band and orchestra award dinner Tuesday. The three are Rosemary Doolen, choir; Robert Allen, orchestra; and Judy Wymore, band. They received wrist watches.

Charles Cray, business manager of the International Brotherhood of Electrical Workers, was introduced as a new Kiwanian.

Rail Shares Help General Stock List

New York - (UPI) - Railroad shares, spurred on by a sharp rise in freight movement, today registered their best gain since Nov. 26, 1958, to help the general stock list.

Northern Pacific's gain amounted to 3 points at best. Western Maryland rose nearly 3 and advances of more than a point were set by Baltimore & Ohio, Atlantic Coast Line, Chesapeake & Ohio, and Western Pacific.

This strength halted a dip in other sections of the market. In that decline Allied Chemical had lost 2 points and DuPont nearly 2. Steels were mixed and motors about steady.

Raytheon, leader in the decline Wednesday, declined a few points and then rallied from the low.

DOW-JONES AVERAGES

LARGEST IN WORLD

Scottsboro, Ala. - (UPI) - The world's largest steel pressure drum will be put in place at the Tennessee Valley Authority's Widows Creek steam plant near here Friday. Officials said it would take an hour to hoist the 198-ton pressure tank into place.

Oregon Girl One Of Six Victims In Head-on Crash

San Jose, Calif. - (UPI) - A pickup truck driven by a Mountain View contractor rammed head-on into an auto carrying five San Francisco student nurses Wednesday night. All six persons were killed.

A witness said the contractor, Warren Pope Hamilton, 43, Los Altos, had been weaving from side to side on Bayshore Highway for several miles before his truck, which apparently had no lights, drifted over the center line and collided with the auto 10 miles north of here.

The nurses, who had been returning to San Francisco from attending a birthday party in San Jose, were:

Dolores Godreau, 20, Hayward, Calif., the driver; Lois Wyrwa, 21, Sherman Oaks, Calif.; Shirley O'Netti, 21, Placerville, Calif.; Helen Patricia Wilkinson, 20, Soledad, Calif., and Nancy Sullivan, 20, Roseburg, Ore.

Clarence Crouser, San Jose, said he was driving directly behind the southbound truck operated by Hamilton, when the pickup, which had been "weaving from side to side, drifted across the center line."

He said he had been following Hamilton for several miles, fearing to pass "because you couldn't tell what he would do."

"I could see the lights of the oncoming car," Crouser said. "Suddenly there was the crash. The pickup jumped in the air. I could see the lights of a bomb had gone off underneath."

Priest Administers Rites

Crouser said Hamilton was driving about 35 miles an hour. Other witnesses said the girls were traveling about 45 miles an hour in the outside of the two northbound lanes.

A priest driven by the accident stopped and administered last rites. Crouser and Highway Patrolman Duri Dital and others freed the trapped bodies.

The girls had been visiting family friends of Miss Godreau in San Jose to celebrate a birthday of another of the victims, Miss Wyrwa.

All five girls were described as "fine" students at St. Mary's Hospital in San Francisco. Miss Godreau was president of her nursing class. All were to graduate June 21.

Crouser and other witnesses told the Highway Patrol that Hamilton was apparently driving without lights.

"I couldn't see any tail light," Crouser said. "And I remember commenting on it to my wife just before the accident."

Martin Clothing To Be Studied

Portland - (UPI) - The Multnomah county sheriff's office said today it would send the clothing from the bodies of the two Kenneth R. Martin daughters recently found in the Columbia river to the FBI laboratory in Washington, D.C., seeking a possible clue to the location of the family station wagon.

The clothing will be tested along with a sample of water drawn from the river near the Harvey Aluminum Plant at The Dalles.

Authorities said if the Martin car is in the Columbia near the plant, perhaps the tests would show that the clothing of the girls contained traces of fluids given off by the aluminum plant into the river.

Deputies also said a search of the rover in conjunction with the Wasco county sheriff's office would resume today with the use of an underwater metal detector furnished by a Portland television technician.

The search will be by boat near the Harvey plant. Mr. and Mrs. Martin, a third daughter and the station wagon have not been seen since Dec. 7, 1958.

13 Youths Rescued By Coast Guard

Detroit - (UPI) - The Coast Guard cutter Maple today rescued 13 youths who were stranded on Lake St. Clair overnight in their 28-foot sailboat.

The sailboat ran aground in 30 inches of water south of Strawberry Island and the young men and women, all from the Grosse Pointe area, were forced to spend the night on the storm-tossed lake.

The Coast Guard said all of the youths were in good condition despite the ordeal.

An all-night search by four Coast Guard boats failed to turn up any trace of the missing sailboat, but planes set out shortly after daybreak and the craft was quickly sighted about a mile and a half south of Strawberry Island.

"I couldn't see any tail light," Crouser said. "And I remember commenting on it to my wife just before the accident."

Concert Scheduled By Medford Bands

The Medford High school orchestra, combined with string sections from Hedrick and McLoughlin Junior High schools, will present a concert in the Hedrick gymnasium Monday, May 25, at 8 p. m.

Conductors will be John Drysdale, high school director; Mrs. Audrey Bartlett, elementary string instructor; and Elmer Ayres, McLoughlin director.

Approximately 90 students will take part.

Westside School Tea Planned Friday

Children who expect to enter first grade at Westside school next fall and their mothers are invited to a preschool tea at the school Friday, May 22, at 1 p. m.

Miss Gladys Durrand, elementary supervisor for Medford public schools, will speak.

Chile has the largest coal reserves in South America, an amount equal to all other South American nations.

Maple Expected To Keep Fair Job

Salem - (UPI) - Howard Maple apparently will be retained as manager of the Oregon State Fair for 1959.

The Fair Commission met here Wednesday for five hours, but would not comment until all seven applicants for the job had been notified by mail.
