

U.S. Includes Cosmetics In Exhibit for Russians

By GAY PAULEY
UPI Women's Editor
New York (UPI)—Cosmetics will make up part of the U.S. cultural exhibit in Moscow this summer. Eight U.S. experts on beauty, loaded with samples to give Russian women, will participate in an overall exhibition designed to show the Soviets how we live. The exhibit will be available to analyze a Russian woman's makeup needs, as measured in terms of American glamor, and supply her

Chapter Officers Attend Session

Oregon chapter, Telephone Pioneers of America, is holding its annual spring planning assembly in the Marion hotel at Salem today and tomorrow. In attendance are delegates from throughout Oregon and guests from chapters in British Columbia, Washington and California. Telephone Pioneers is a 48-year-old social organization of longer-service telephone people in the United States and Canada. Twenty-one years of service is required for membership. The Oregon chapter has over 1,500 members about one-third of whom are retired. The organization is dedicated to preserving the fellowship of service among its members through promoting community service activities. George Clefton, Portland, chapter president, will lead the general sessions and Howard Ramsey, Portland, chapter vice-president, the workshop conferences. Assisting will be the presidents and vice-presidents of the Cascade, Willamette and Crater Lake councils. They are respectively Clifford Jones and Floyd Church, Eugene; Herman Albrich, Albany; and Mrs. Ruth Bairey, Salem; Clarence Bjork and Henry Halvorsen, Medford. James Norton, Portland; Dave Joslyn, Sacramento, and Mrs. Ann Keys, Seattle, will speak. A film, "The New Tradition," produced by the Illinois chapter, will be shown Saturday morning. Saturday night entertainment is being planned by Robert Bob Barnes and Harry Hansen, both Portland. Tom Crump, also Portland, is general chairman.

with the correct shade of lipstick and face powder. "Russian women, whatever their complexions, have only two shades of face powder to choose from. Light and dark," said Philip Cortney, president of Coty, Inc. Coty is sending both the demonstrators and cosmetics to the exhibition, which will open July 25 and run for six weeks.

"They must find a becoming lipstick from only three shades," Cortney continued. By contrast, in this country a woman has at least 25 shades to choose from.

Visitors also will see some plain and fancy footwear. The leather industries of America said that 500 pairs of shoes—men's, women's and children's—will be displayed. Earlier reports that 4,000 pairs were being sent are wrong, said Billie Gould, fashion director.

"The fashions will cover the four seasons, will include all types from flats to stiletto heel dancing pumps, and a range of the whole color spectrum," she said.

Footwear of All Colors
"From the spring and summer collections, there will be lots of white, pastels, and the brilliant shoes—reds and greens," she said. "We will include a whole group of browns, Fall's biggest color."

The leather people are putting together the show for the shoe and accessories industries, so plastics in footwear will be represented also. Handbags, gloves, belts and luggage will go along. The exhibition is a joint effort of the United States State Department and private industries. Fashions and beauty make up just one category. Other displays will be given over to education, science and research, art, travel and community life. The big show has been billed as a "corner of America in the Heart of Moscow."

But one bit of realism has been cancelled. The fashion industry has decided not to include a pregnant model to show off maternity clothes.

Bath Tax
New York (UPI)—If you think taxes are high today, pity bathers in by-gone days. They had to pay a bath tax. Soap was subjected to heavy taxes, and only about 100 years ago in England was one such tax abolished. Not until the 9th Century did soap as we know it today come into use. It was considered a great luxury until the 19th Century.

2 MAIL TRIBUNE, Medford Or.
Friday, May 22, 1959

Tournament Winners Announced

Mrs. Paul Hatton and Mrs. Patsy Gilhouse are the new pair champions of Medford Duplicate Bridge club. They scored 275 in the annual two-session men's and women's pairs tournament of the club to take first place. Defending champions were Roy Pruitt and George Rode, last year's winners.

Two Grants Pass players, Maurice Coode and Dr. C. M. Durland, were second with 249½ points, a figure considerably lower than the winning score. Third went to Mrs. Roy Keim and Mrs. Frank R. Baker for 243 points and fourth was won by Mrs. Durland and Mrs. Coode, who scored 240½ points.

Mrs. J. S. Winslow and Mrs. Alys Jones were fifth with 237½ points and fifth place winners were Mrs. Richard House and Mrs. Roger Smoot, who scored 232 points.

The second session play Tuesday night was in two sections. Section A, north-south winners, were Paul Hatton and Leland Clark, first, 126½; Mrs. Robert Elliott and Mrs. Clark, second, 122½; Mrs. George Dean and Miss Isobel Stuart, third, 119½; Mr. Coode and Dr. Durland, fourth, 110.

East-west winners in this section were Mrs. House and Mrs. Smoot, first, 125½; Mrs. Winslow and Mrs. Jones, second, 123½; Ray Wise and Howard Boyd, third, 112½; John Russell and Mr. Smoot, fourth, 111.

Section B, north-south winners, were Mrs. Roy Keim and Mrs. Frank Baker, first, 123; Mrs. Durland and Mrs. Coode, 119½; Mrs. John Dougherty and Mrs. Sam Van Dyke, third, 117½; Paul McDuffee and Harley McMasters, fourth, 113½.

Winning east-west in Section B were Mrs. William Knope and Mrs. W. W. Deakins, first, 119; Mrs. Sam Richardson and Mrs. W. W. Stevenson, second, 118½; Mrs. George Torgerson and Mrs. Delbert Clifford, third, 112½; Mrs. E. L. Miller and Mrs. Alto Pruitt, fourth, 111½.

A group of players will go to Grants Pass Sunday, May 24, for an annual charity party of the Grants Pass Duplicate Bridge club. Play will be in two sessions, Sunday afternoon and evening at the Grants Pass Elks temple.

Old Salts
New York (UPI)—Seven million members of the distaff side are going down to the sea, lake, river, or wherever the waterfront may be—now that the boating season is beginning.

Send to Marian Martin, Medford Mail Tribune, Pattern Dept., 232 West 18th st., New York 11, N.Y. Print plainly NAME, ADDRESS with SIZE and STYLE NUMBER.

Club Plans Dance For Anniversary

Hilltoppers Square Dance club members will hold their fourth anniversary square dance at the Old Wagner Creek school Saturday, May 23, beginning at 8:30 p.m. All square dancers are invited.

Supper will be fried chicken, served by the Hilltoppers. Guests are requested to bring a salad or a dessert.

Rogue Valley blacklight dancers will entertain during the evening.

Francis Cronin and guest callers will call the squares. The school is reached by driving two miles west on Wagner avenue from downtown Talent, all on paved road. The school is floodlighted for easy identification.

NFA Delegates Give Report On State Session

Medford delegates to the annual meeting of the Natural Food Associates in Oregon report that Joe Newhardt, Salem, was elected president during the recent sessions, held in Eugene. Mrs. Frank Muir, Eugene, was named secretary-treasurer.

Attending from Medford were Mr. and Mrs. Verne Shangle and Miss Anna Street. They report that the idea "that organically grown foods are desirable" dominated the convention. Delegates were present from several cities in Oregon and California.

About 200 persons attended the convention banquet, and about 300 the meeting which followed. Speakers included Tom Lavin, Atlanta, Tex., national secretary. He reported that NFA has acquired a large estate near Atlanta, which will provide office space and for an experimental farm on which to grow vegetables, fruits, nuts and grains organically. This will be the first farm of the kind in the United States.

Dr. Joe Nichols, also of Atlanta, national NFA president, spoke on "Biological Blight over America." The speaker declared that now it is impossible to find even one food item in many supermarkets which has not been subjected to contamination by chemicals and as such produce chemical reactions in the body; but they cannot of themselves maintain life and health," the speaker said.

"These must come from natural minerals, vitamins and enzymes found only in their greatest abundance and most potent states in organically grown food from fertile soil. We lead the world in the control of contagious diseases. For this we can be justly proud. But we also lead the world in the incidence of metabolic (degenerative) diseases. This is not a source of pride. Until our food is improved, the incidence of metabolic diseases will increase."

A round table discussion on food production had Mrs. F. F. James, Grants Pass, as moderator. Speakers were A. M. Cooper, Canyonville, nurseryman, John Telford, Grants Pass, vegetable grower and Louis Zielinski, Salem, fruit grower.

During the meeting Mr. Shangle was presented a wrought iron weather vane in appreciation of his years as president of the Oregon NFA. The 1960 meeting will be held in Salem.

Jackson PTA Holds Ceremony

Mrs. Richard Phillips is the new president of Jackson Parent-Teacher association. Mrs. Phillips and other officers were installed in ceremonies held at the final meeting of the year for the unit.

Other officers are Mrs. Bernard Rice, vice-president; Mrs. Donald Stroh, secretary and Mrs. John Wimer, treasurer.

The colors were presented by Brownie Troop 179 and the graduating sixth grade students sang two songs, one of which was the new Oregon Centennial song.

Glenn Linn, principal of McLaughlin Junior High school, welcomed the sixth graders, who will enter McLaughlin next fall.

Mothers of children in the first grade served refreshments.

Three Attend Recent Session Of Camp Fire

Three members of the Medford council, Camp Fire Girls, attended a recent conference of Region VI, held in Yakima, Wash. The three were Mrs. James P. Rowan, president of the board of directors of the Medford council; Eugene Ditsworth, treasurer and Lawrence L. Clark, finance chairman and region representative.

Public relations, salary standards, business management, federated fund raising, and the Golden Jubilee national project on conservation, "The World Around Her," were the main topics for study. Special congratulations and recognition were paid the Rogue council for having already passed the 1960 goal set for them by the national office.

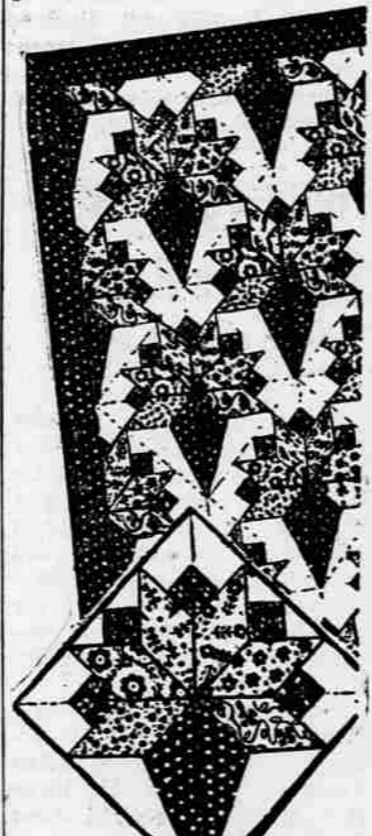

Dean Elsiebeth Melville, president of the National Council of Camp Fire Girls, attended the conference. Dean of Women of Boston university, in her address to the delegates on "Challenging Horizons" she emphasized the "need for a better Camp Fire Girls program than ever. Because of the lack of real chores in the home, due to the presence of our labor-saving machines, mothers need skill and direction in raising a family. Since more and more mothers have gone to work, much of the responsibility for building home-making skills has gone into the hands of the volunteer."

"The work of a volunteer is as necessary as a paid employee, and maybe more so," Miss Melville believes. "The moulding of attitudes, a realization of community needs, accent on femininity, the development of an individual to her highest potential—these are the responsibilities of the group leader. "Work, discipline, and vigilance are vital to the adult as well as to the child," Dean Melville stated.

Square Dance

A square dance has been planned for Saturday, May 23, at Applegate Grange hall above Ruch. Byron (Buzz) Dibble will be caller and dancing will start at 8:30 p.m. Refreshments will be potluck style.

Heirloom Quilt

Our 1959 ALICE BROOKS Needlecraft Catalogue has many lovely designs to order: crocheting, knitting, embroidery, quilts, dolls, weaving. A special gift, in the catalog to keep a child happily occupied—a cutout doll and clothes to color. Send 25 cents for your copy of the book.

Molasses in January

"Slow as molasses in January" used to be an accurate description of the physical properties of this all-American food product. Today there

is nothing slow about molasses. It adds a glaze of glory for meats, vegetables and desserts, it serves as a sweetener in place of sugar in many recipes and contributes a substantial source of iron to the diet. Remember to treat it like sugar when exposing it to heat. It caramelizes quickly at high temperatures. For a beautiful glaze on meats, set the

gas oven control at 350 degrees, no higher. You'll be rewarded with a sheen of splendor and aromatic flavor.

Population of Morocco has more than doubled since 1900.
