

Neuberger Implies Disruption by Morse

Portland—UPI—Sen. Richard L. Neuberger (D-Ore.), implied in letters to Oregon newspaper editors yesterday that Sen. Wayne L. Morse (D-Ore.), is causing disruption among Democrats in Oregon's Congressional delegation.

Neuberger was commenting on a speech Morse made to the Oregon State Farmers union at Marion, Ore., April 11. Morse was quoted as attacking Neuberger for his stand on bi-partisan foreign policy, foreign aid, reciprocal trade, a balanced budget, and other policies.

The Oregon Farmer Union, the official paper of the Oregon Farmers Union, quoted Morse as saying: "Completely Disagree"

"I completely disagree with my junior colleague because he would rubber stamp these ill-starred foreign policies which have brought American prestige to a new low ebb in most of the world. I'll never be a rubber stamp for anyone."

In his letters, Neuberger pointed out that his votes on foreign aid roll calls closely paralleled those of Sens. Hubert Humphrey and John Kennedy, both of whom are considered Democratic presidential possibilities. Then he asked if Morse would include them in his indictment. "Not Reasonable"

He also said foreign aid

Miss. Governor Defends Asking FBI Assistance

Jackson, Miss. — (UPI) — Gov. J. P. Coleman said Friday he asked the FBI to investigate the Poplarville lynch investigation because "it is my duty to stand against the irresponsible."

Coleman, who has been criticized for requesting FBI assistance in the four-week-old abduction from jail and slaying of Negro rape suspect Mack Charles Parker, told a news conference "I think the time will come when all people will see the wisdom of what I have done."

Coleman said justice department officials in Washington were studying the question of whether the lynchers violated any federal law. If none was violated, he said, any indictment would have to come from the Pearl River county grand jury, which meets in November.

Other sources said the FBI has submitted the names of men it has identified as the lynchers to Washington, along with the evidence, for a decision on how to go about prosecuting them.

If the Pearl River grand jury received the case and failed to return an indictment, "that would be the end of it," Coleman said. "The grand jury is the one tribunal in our form of government from which there is no appeal."

The governor said he personally investigated complaints that the FBI harassed citizens of Poplarville and found "there just isn't anything to these charges — period."

4-H CLUB NEWS

Table Rock Packrats
The meeting of the Table Rock Packrats was held Monday, May 18, at the home of Mrs. Ruth Brown. The older girls worked on their projects. The younger girls painted samples for their notebooks. Refreshments were served by Mrs. Ruth Brown. Our next meeting will be June 1.

Anita Pierce, Reporter.

Touring the plant were Patricia Ann Akins, Dennis Anderson, Sherry Ann Brown, Sherry Lynn Brown, Hank Davis, John William Denton, Russell Elder, Toni Lynn Grow, Frazie D. Hammons, Carole Jean Jackel, Monty Ray Jantzer, Bill Kennedy, Marilyn Leaming, Dennis Mason, Shirley Minor, Stephen Ray Nork, Dawn Cherie Oliver, Arthur Ross Tapp and Elizabeth Ann Zawadzke.

DARE PANTY RAID
Nashville, Tenn. — (UPI) — Four freshmen coeds were suspended Friday at Vanderbilt university for telephoning freshmen boys and daring them to stage a panty raid.

and reciprocal trade were started or supported by Democratic Presidents Roosevelt and Truman, and added: "I do not think it reasonable or right to turn against these policies because a Republican president has had the wisdom — at least in these instances — to continue them."

Neuberger concluded that he had written the letters "to demonstrate just who might be causing this dissension in the Democratic party and in Oregon politics."

Steel Bargainers Fail to Progress Toward New Pact

New York — (UPI) — Steel wage negotiators yesterday took the week end off after failing to make any progress toward a new contract for 500,000 steelworkers.

They rounded out the second week of joint collective bargaining sessions with both sides just as far apart on basic economic issues as when they started. They recessed their talks Friday until Monday.

The four-man negotiating teams have engaged in some heated debates on inflation, prices and wages and both have reasserted their determination to stick by their guns.

The union is pressing for substantial contract gains which it says the industry can grant without resorting to an inflationary price increase.

The industry says it cannot absorb any further increases in employment costs and has called for a one-year wage freeze to combat inflation and foreign competition.

Although neither chief negotiator — R. Conrad Cooper for the industry nor David J. McDonald for the union — has discussed details of the wage talks with reporters, both sides have made their stands clear in newspaper advertisements, speeches and other ways.

The present three-year contract runs out at midnight June 30 and a steel strike is almost certain to result if no agreement exists by then.

North Entrance Road Opening Set

The north entrance road to Crater National park will open Friday, May 29, providing heavy snow does not fall this week, Tom Williams, superintendent, has announced. Williams said bulldozers and plows reached the north entrance road several weeks ago with one-way traffic, but subsequent snow storms drifted the road full in many places and hampered work of widening the path.

If storms prevent the scheduled opening, Williams said, signs will be posted on Highway 97 and highway 230 advising motorists. Although the snowfall was the lightest on record, Williams said motorists will travel through snow cuts 20 feet or more in depth.

The lodge and cafeteria will be opened June 15, Williams said, but no date has been set for opening campground facilities.

Central Point Girls Injured in Accident

Three Central Point girls were injured Friday evening when the car in which they were riding, driven by a fourth girl, ran into a parked truck on South Riverside ave. between 10th and 12th sts., Medford police reported.

The girls, none injured seriously, were treated at Rogue Valley hospital, according to the report. They were Sandra Colleen Davis, 16, of route 2, box 193, Derenda Rae Kohn, 14, of 287 Orr dr., and Loretta Florence Linker, 13, of box 262, Orr dr. The driver, Janice Maranda Linker, 17, of box 262, Orr dr., was not cited, police said. The entire front end of the vehicle reportedly was damaged. Police said the truck, apparently not damaged, was registered to Julian S. Webb, route 2, box 228A, Medford.
