

About 200 Attend Ashland Alumni Banquet Friday

Ashland—About 200 persons attended the annual Ashland High school alumni banquet at Lincoln school gymnasium Friday night, including one man from the graduating class in 1893.

The oldest alumnus attending was Henry Galey, 83, of Ashland, who was graduated in the class of 1893. He is one of three persons still living who were graduated that year, according to alumni officials.

Representatives of classes since 1893 attending were asked to review events of the class and where other graduates are now living. Many of the classes were not represented, but graduates came from New York, California, Washington, and Oregon.

The class of 1959, which was graduated in exercises Thursday night, was named the "Class of Travel" because of the developing space age, alumni representatives said.

Host Drycleaning For Rugs Available

Alex Dumas' Domestic Laundry and Dry Cleaners, 30-32 North Riverside ave., has introduced in this area the Host drycleaning method for carpets.

Dumas said the company would dryclean carpets, or rent the equipment to homemakers for them to do it themselves.

The Host process consists of spreading dust-free drycleaning compound over part of the carpet to be cleaned. The operator then moves the Host electric up-brush back and forth over the carpet and compound, after which he vacuums up the dirt-laden Host compound.

The equipment and drycleaning compound are products of the Racine Industrial Plant, Inc., Racine, Wisc.
