

**Listerine stops
bad breath
4 times better
than
tooth paste!**

Tooth paste is for your teeth—
Listerine is for your breath. Germs
in the mouth cause most bad breath,
and you need an antiseptic to kill
germs.

Always reach for Listerine after
you brush your teeth. No tooth
paste is antiseptic, so no tooth paste
kills germs the way Listerine Antiseptic
does . . . on contact, by millions.

Listerine stops bad breath four
times better than toothpaste—noth-
ing stops bad breath as effectively
as the Listerine way.

BANKING Edith Trussell

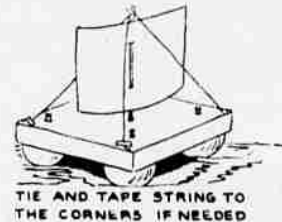

Banking is a good game for a warm day. You'll need
a tub or dishpan two-thirds full of water, a small cup,
and five pennies. Submerge the cup in the center of the
tub, then let each person have a turn trying to drop the
pennies into the cup. The person who can make the larg-
est number of pennies go in is the banker. Better play
this outdoors in case the water splashes!

BALLOON FUN Frances W. Keene

TIE AND TAPE STRING TO
THE CORNERS IF NEEDED

BALLOON BOAT

Inflate four small round balloons and tie a knot in the
stem of each. Take a large box lid and punch a hole near
each corner. Push the stems of the balloons through the
holes and you will have a seaworthy raft. Add a stick and
paper sail, as shown, and sail the raft at the beach or lake.

BALLOON DARTS

Cut a piece of plywood about three feet square. Bore
five holes as shown, and paint numbers under each hole.
Inflate, tie, and insert a balloon in each hole. Players stand
well away from the board and try to break the balloons by
throwing darts at them. Total the score by adding the
numbers under the broken balloons.
