**Like Asks Doctors To Reduce Fees**

Atlantic City, N.J.—(AP)—President Eisenhower has asked the nation's doctors to help fight inflation by charging fees that their patients can "reasonably pay."

Uncontrolled inflation, he said Tuesday night, inevitably would force Americans in mass volume to turn to the government primarily for medical assistance and that would cause the nation "great loss."

Eisenhower spoke at the American Medical Association's annual convention here. He flew back to Washington immediately after his address.

The President offered nothing to differ with the AMA's basic opposition to compulsory government-controlled medicine. But he coupled the threat of such compulsion to possible run-away inflation in which "all prices would go out of sight and everybody would go broke."
