Chevy Gives You Smarter Style Today...

FOR HIGHER TRADE-IN TOMORROW !

Don't take it from us—take it from independent experts and from facts and figures that are not a matter of record. POPULAR SCIENCE sums up Chevy's unmistakably modern style this way: "The fact is, in its price class Chevy establishes a new high in daring styling..." This is one more reason your new Chevrolet will bring a higher allowance at trade-in time, as Chevy has over the years. A look at last year's used car prices* shows Chevrolet averaged up to $128 more than comparable models of the other leading low-priced two.

*Based on official Guide Book figures of the National Automobile Dealers Association.

PLUS 5 MORE BIG BESTS OVER ANY OTHER CAR IN CHEVROLET'S FIELD!

Best Brakes. Chevy showed the best brakes of the leading low-priced three in repeated highway speed stopping tests conducted by NASCAR.* And no wonder. Chevrolet's brakes, built for up to two-thirds longer lining life, are the biggest in the low-price field.

*National Association for Stock Car Auto Concerning and Research.

Best Engine. *Every* motor magazine has given Chevy's standard passenger car and Corvette V8's unstinted praise. As SPORTS CARS ILLUSTRATED puts it: "Indeed, this device is surely the most wonderfully responsive engine available today at any price."

Best Economy. No doubt about this: a pair of Chevrolet sixes came in first and second in their class in this year's Mobilgas Economy Run—getting the best mileage of any full-size car.

Best Room. Official dimensions reported to the Automobile Manufacturers Association make it clear. Chevy's front seat hip room, for example, is up to 5.9 inches wider than comparable cars.

Best Ride. A few minutes behind the wheel will leave no doubt about this. MOTOR TREND magazine sums it up this way: "... the smoothest, most quiet, softest riding car in its price class."

NO WONDER MORE PEOPLE ARE BUYING CHEVROLETS IN '59 THAN ANY OTHER CAR!
