surer protection
for your most

problems**

*Tested by doctors...
trusted by women*

- 1. Germicidal protection!**
Norforms are *safer and surer than ever!* A highly perfected new formula releases antiseptic and germicidal ingredients *right in the vaginal tract.* The exclusive new base melts at body temperature, forming a powerful protective film that permits long-lasting action. Will not harm delicate tissues.
- 2. Deodorant protection!**
Norforms were tested in a hospital clinic and found to be more effective

than anything it had ever used. Norforms are deodorant—they *eliminate* (rather than *cover up*) embarrassing odors, yet have no "medicine" or "disinfectant" odor themselves.

- 3. Convenience!**
These small vaginal suppositories are so easy and convenient. Just insert—no apparatus, mixing or measuring. Greaseless and keep in any climate. Your druggist has them in boxes of 12 and 24. Also available in Canada.
