

Elroy Face Records 17th Straight Relief Victory

By MILTON HICHMAN
United Press International
 Here's a toast to pint-sized Elroy Face, who now owns the longest winning streak of any relief pitcher in major league history.

The five-foot-eight, 150-pound Face, sometimes called "Little Bit" by his Pittsburgh teammates, won his 17th straight game without a loss Thursday when Roman Majlas' two-run homer in the 12th inning gave the Pirates a 3-1 decision over San Francisco.

Dating back to May 30, 1958, Face has won 17 in a row, a record no other reliever can touch.

Closest ones to him are Cardinal Howie Krist and Ted Wilks, Krist, who started occasionally and was not strictly a relief pitcher, had a 10-0 record for the Cards in 1941 and won his first three games in 1942 before the Phillies beat him. Wilks was 6-0 in 1946, and 4-0 in 1947, but then lost his first game to the Reds in 1948.

Held Giants Scoreless
 Face entered Thursday's game with the Giants in the 10th and held them scoreless on two hits over the last three innings after starter Harvey Haddix had yielded a third-inning homer to Ed Bressoud over the first nine.

The loser was rookie Eddie Fisher, who relieved starter Stu Miller in the 12th.

Theodofe left the second-place Giants two games behind the league-leading Braves, who lost to the Cardinals, 3-2. The Cubs downed the Reds, 6-2, and the Dodgers made it four in a row over the Phillies, 5-2.

Cleveland widened its American league lead to a full game by defeating Baltimore, 3-2. The White Sox bounced back into second place by beating the Senators, 4-1; the Tigers snapped a four-game losing streak with a 10-5 triumph over the Red Sox, and the Yankees climbed back into fourth place with a 5-4 victory over the Athletics.

Card Runs Unearned
 All of the Cardinals' runs against the Braves were unearned. Second baseman Felix Mantilla set up the first two runs with an error in the sixth and an error in the eighth. Hank Aaron figured in the Cards' third run, Aaron his 21st homer in the third.

Ernie Banks his his 20th homer with the bases empty in the sixth inning to put the Cubs ahead, 2-1, and they clinched the game when they hopped on Cincinnati reliever Orlando Pena and Willard Schmidt for four more runs in the eighth.

Don Drysdale pitched a three-hitter and also hit a home run against the Phillies as the Dodgers moved to within one percentage point of the second-place Giants.

Francona Hits Two Homers
 Tito Francona hit two homers against his former Oriole teammates to lead the Indians to victory. He hit his first homer of the game off started Hoyt Wilhelm and his second off rookie Jack Fisher, the loser.

Barry Latman, making his first start for the White Sox since May 9, set the Senators down on five hits for his first victory of the season.

Rocky Bridges hit the first grand-slam homer of his career in a five-run third inning that sent the Tigers on their way to victory over the Red Sox.

Home runs by Elston Howard and Norm Siebern helped the Yankees to their victory over the As. Siebern's homer, off reliever Russ Meyer in the eighth, proved to be the win-

ning run. Duke Maas picked up his sixth victory.

Buchholz, Mulloy Wimbledon Rivals

By ROBERT MUSEL
Wimbledon, Eng.—(UPI)—Earl Buchholz and Gardear Mulloy, the brilliant "kid" and the amazing "old-timer" of American tennis, clash today in a third-round men's singles match that promised to be a feature of the Wimbledon tennis championships.

Buchholz, the 18-year-old St. Louis, Mo., prodigy who won all the world's major junior titles last year, has become a man in this tourney with successive upsets over Italian ace Nicola Pietrangeli and South African champion Gordon Forbes.

But the wily Mulloy, now 45, knows Buchholz's style well and figures to be a rough opponent as long as his stamina lasts.

Mulloy, Coral Gables, Fla., lawyer who played in his first national championship final round back in 1939 — a year before Buchholz was born, has played well here although he and his 43-year-old partner, Budge Patty, were beaten by Italians Pietrangeli and Orlando Sirola in doubles Thursday.

Olmedo Wins
 Today's program, like Thursday's, was a mixture of singles and doubles play in both men's and women's divisions.

ALY BUYS FARM
 Dublin—(UPI)—Aly Khan has bought a 110-acre stud farm at Clonsilla, County Dublin, it was reported Thursday. Agents for the Pakistani ambassador to the United Nations, paid \$59,400 for the property.

Edstrom In Front in Decathlon

Kingsburg, Calif.—(UPI)—Dave Edstrom, a 20-year-old death-lyer veteran, will attempt to hold onto a narrow 20 point lead tonight during the second half of the National AAU Decathlon championships.

Edstrom ran up 4,287 points during Thursday night's opening round. He was trailed by C. Yang, a 25-year-old Chinese Nationalist attending UCLA, who had 4,267.

In third with 4,111 was energetic Mike Herman, a 21-year-old newlywed from NYU who is out here on his honeymoon and thought he would give the decathlon a "first fling."

The 1959 championships were dullest somewhat by the absence of Rafer Johnson who suffered minor injuries during a recent auto mishap. Johnson, however, is expected to be ready for next month's U.S.-Russian track and field meet in Philadelphia.

World Mark Threatened
 Both Yang and Edstrom were in a position to shoot for the new world decathlon mark of 8,357 points claimed by Russian Vasily Kuznetsov. That mark is 55 points more than Johnson scored in defeating Kuznetsov last July in Moscow.

But most experts felt that neither could achieve the mark with such difficult tests as the 15,000 meter run and the pole vault on tap for tonight.

Yang and Edstrom, a handsome University of Oregon student, both set career marks during a wind blown 100 meter dash Thursday night. Yang was clocked in 10.6, Edstrom at 10.7.

The wind, however, was also responsible for holding down the high jump marks. Edstrom, who has leaped 6' 7" in practice - this year, cleared only 5' 10". It was the first time he has been unable to clear 6'.

Edstrom, Yang and Herman were the only contestants to go over 4,000 points. Bob Lawson of Aberdeen, Wash., was fourth with 3,640, and Phil Mulkey of Memphis, Tenn., scored 3,619.

Neither In Good Shape
 Neither Edstrom nor Yang said he was in good shape for Edstrom, underwent an appendectomy this spring and said he hasn't fully recovered. Yang, who stands 6' 2", was injured through the discus recently.

Yang topped the broad jump with a leap of 23' 11 3/4" with Edstrom only a half inch off that mark in second place. Edstrom tossed the shot 46' 10 1/2" to Yang's 44' 5 1/2". The pair tied for first in the 400 meters with times of 50.1.

Tonight's events include the 110 meter hurdles, discus, pole vault, javelin and 15,000 meter run.

Treasure Sullivan Girls Golf Finalist

Portland—(UPI)—Pete Geertson of Eugene and John Hedlund of Oswego moved into the finals today of the Oregon Junior golf tournament held at the Riverside golf course.

Geertson moved into the championship round by nipping Chuck Allen of Roseburg, 2-up, on the 18th hole Thursday. Hedlund earned the right to meet Geertson by sinking a five-foot birdie putt to gain a 3 and 1 win on the 17th hole over Lynn Yturri of Ontario.

Kent Huth of Oswego advanced into the boys' final by defeating Salem's Mike Kolb 5 and 4. Huth's opponent in the championship round today was Fred Taylor of Riverside, who took a 4 and 2 win over John Nelson, Rose City.

Moving into girls' championship play after Thursday action were Treasure Sullivan of Ashland, who was ahead all the way and gained a 3 and 1 win over La Grande's Wendy Moberry, and Sue Jennett of Oswego, who scored a 3 and 1 win over Pam Stacey, also of Oswego.

SPORTS

Woods, Water, Wildlife

By Hank DeVoss

Despite the number of salmon already over the counting board at Gold Ray, there is concern among all those interested in this year's run that things are not right. The guides are complaining over the small number of fish being taken and our local biologist, Cole Rivers, reports that nine dead salmon have floated down to Gold Ray dam. He feels it is rather early in the year for this to be happening.

SNAGGING AND FUNGUS
 Seven of the dead salmon had snag marks on them and fungus had already set in. Cole says the fungus is quite virulent for this early in the season and the low water situation in the river is causing it. The temperature has hit 70 degrees in the water at the counting station and 65 is high enough to get fungus going. It will attack a fish through any cut or lesion in the skin and many times has the effect of so weakening the fish that it dies before it can spawn.

THE SNAGGER
 This should be added evidence why the snagger must be bodily booted out of the fishing fraternity. This illegal style of fishing for salmon is a leftover from the days when people believed this was the only way to catch them. There are still a few of these hardheads around and they can be found at the various places along the river where it's possible to approach salmon in this fashion without being cursed by other anglers or caught by our law enforcement officers.

NEED FOR ETHICS
 Last Saturday I was out looking for a salmon for the 1959 season and although I did find my salmon I also saw something I think worth commenting on.

There were quite a few fishermen lined up along each of the most productive salmon holes in the upper river. There were also several boats in the river and the holes were being worked over quite thoroughly from bank and boat.

Now we know the river and the fish in the river belong to all of us and there are rules written especially for the salmon angler telling him how and when he may angle for this fish. There are also several unwritten laws of courtesy and cooperation which are necessary in order that we may all fish together. Whenever someone violates these latter rules we often wish they had a better realization of the need for riverside ethics.

THE BLOCKADE
 In fishing for salmon in the river the most common method is to drift fish in a deep strong current. The plunker variety is used in the quiet eddy. The bait or lure is cast across and upstream to take it to the bottom. It is made to sweep through the area thought to hold a salmon. From a boat the same area is covered by moving over it while fishing slightly ahead and over the bow. This method works only so long as everyone fishes the same way in the same area. The simplest snafu is to either use enough lead to hold the line in one place or to anchor a boat in the line of drift. The latter goof up occurred last Saturday. When the parties

concerned were told they were fouling things up, their retort was "You don't own the river" with the added impression they could fish any way they darn well pleased.

LET'S COOPERATE
 They were correct in their assumption of rights, but they forgot that in doing so they had deprived us of our rights. This is a common happening where rights overlap and the only good way of resolving the conflict is to cooperate and work together. As our rivers become more crowded we will all have to adjust to the rules of the game or we may get ruled out of it.

THE ANGLER'S LOG
 A report just came in that the road to Diamond lake is covered with a slide again. This shouldn't be construed as bad news because there are plenty of other hot spots.

Klamath Lake
 Starting last Wednesday, the fish began biting like mad and are still at it. Thirteen-year-old Terry Pesenti of Medford made the luncheon board at Harriman's with a 6 1/2-pounder. There have been seven lunchers since Sunday with Dan Lee of Sun Valley in the lead with a 9 1/2-pounder. Five of the seven lunchers were caught on Andy Reekers.

Lake of the Woods
 Fishing is still good with catches averaging 15 to 16 inches. Stillfishing is picking up. Best bet is trolling with FF&W or anything bright.

Willow Creek
 Is pretty good. Green flatfish or medium netcrawlers are doing the business. Trolling a fly is slow. Stillfishing is good with fresh roe or single eggs.

Fish Lake
 Is fair. Colorado spinner with grey or black fly is the best bet.

Diamond Lake
 Fishing has been fair. Stillfishing with single eggs or trolling with flatfish or fly early and late picks up the fish. The Hathaway party of Gold Hill limited out this week. A 4 1/2-pounder has been the largest luncher checked by the lodge this week. Caught by Mrs. Charles Bennett of Medford on a golden demon fly.

Squaw Lakes
 Trolling is slow. Stillfishing with eggs is good. Catfishing is good.

THE OPTIMIST'S CORNER
 The change in the weather should enable the fishing to stay out of the midsummer doldrums for awhile. So long as the weather stays changeable we can expect water temperatures to stay around good fishing.

Zalazar Fights Jones Tonight
 New York—(UPI)—Victor Zalazar, young Argentine middleweight, makes his television debut at Madison Square Garden tonight against Ralph (Tiger) Jones, the ring's foremost TV performer.

The bout will be on home television screens while the world heavyweight title bout, also tonight, is limited to theater-TV.

Bowling Baseballers Entertain Glendale

Medford Bowling lanes is one of the three hosts this Sunday in the Rogue Valley Baseball league.

Glendale will be the guest in the tangle at Cheney field at the south edge of town. Game time is 1:30 p.m.

Other scuffles are Ashland at Butte Falls and Grants Pass at Riddle. Camp White has a bye. TIED FOR SECOND

A Medford team will be to remain in its second place position in the standings. The Keglers are tied with Ashland and Grants Pass in that position. Ashland is a strong favorite over Butte Falls and Riddle is the choice over GP.

Glendale comes here humph. The Bowling Lanes club likely will have Ernie Tyler on the pitching hill while Floyd West is the probable pitcher for Glendale.

Tom Prestianni, Glendale, boosted his average to take over the individual batting lead, Medford Bowling lanes went on a swatting spree to assume the team hitting leadership and Mickey Coen bolstered his pitching status in last Sunday's games in the semi-pro baseball loop.

Prestianni fattened his average .015 with three hits in five times up against Grants Pass for a .571 mark. His frontrunning position is determined on a minimum of eight times at bat. Layton Dietz, Riddle, who had been tied with Prestianni at .556 the previous week, went hitless against Camp White last Sunday and tumbled down the list.

Bob Serak and John Hanson, Medford, are now tied for second with .545 each. Ron Peery, also Medford, ranks fourth with .538 and Bunky Peterson, Grants Pass, has .533.

Medford blasted 20 hits against Butte Falls last week and rose from fifth place to first in team batting with a .325 mark. Other team marks are Ashland .263, Riddle .255, Glendale, .253, Camp White .250, Grants Pass .241 and Butte Falls .144.

Parent Heads RBIS
 Coen was plagued with wildness but chalked up his fourth victory without a loss. He has struck out 48 and walked just 15 in the four games. Only eight runs have been tallied against Riddle with Coen on the mound. He has permitted 20 hits.

Savage Archers Stage Tourney
 A field tournament, sponsored by the Savage Archers, will be held Sunday, June 28, at Ashland Mine road. There will be directional signs pointing the way starting at the underpass north of Ashland.

Novelty shooting is scheduled at 8 a.m. and field shooting at 10 a.m. There will also be spot shooting.

Mrs. Marie Lockwood of Talent, publicity chairman, said that anyone is welcome to participate. There will be a fee to shoot, she said.

First, second and third place awards will be given in all divisions. Food will be available and the event is open to the public.

Kings Canyon national park in California was established in 1940.

Vern Parent (.313), Camp White, is the runs batted in leader with eight.

President Harry Chipman has reminded RVL teams that baseball organizations throughout the country have designated July 4 as National Foundation Baseball Day to assist in getting funds for polio, arthritis, and birth defects victims. He said that teams throughout the country have been asked to take up special collections for this cause.

Chipman suggested that, if league teams participate, they take up collections on their home dates nearest July 4. National Foundation sponsors the annual March of Dimes.

BALE EJECTOR FOR JOHN DEERE 14-T BALER

LOADS WAGONS AUTOMATICALLY!

NEW FOR 1959

Cuts Time and Labor in Half... Saves Crops

Here's the haying attachment for you! It's the new Bale Ejector for all John Deere 14-T and 214-T Twine-Tie Balers. With this revolutionary new equipment, only one man—the tractor driver—is needed to bale and load hay. The Bale Ejector pitches convenient half-sized bales directly into a trailing, high-sided wagon! The need for a man on the wagon and bale-pickup men is completely eliminated, thus saving money.

Here's another advantage: half-sized bales offer easier handling for unloading wagons and at feeding time. They're tied to stay tied... they're compact, easily handled with a pitchfork.

Save haying time, money, and
