 Surviving is one brother, Howard Shutt, Simi, Calif.

## Weather

**NUDIST BUSINESS BOOMS**  
 London - (UPI) - Britain's nudist camp business is booming as a result of hot weather. Dr. Douglas Gibson, head of the British Sunbathing association, said he expanded his retreat from 5 to 50 acres because of increased business. Charles McCaskie, 74, dean of British nudist camp leaders, said the number of sun bathers has doubled at his Hertfordshire camp on Sundays.  
 An in case the big vehicle doesn't respond to the self-starter, there's a hand crank.

**MOSCOW WEDDING**—Two new Jersey citizens will be getting married in Moscow's only Catholic church. Mary Louise McMahon, shown packing her veil at home in Tenafly, N. ## Time Capsule To List Entertainment

Orlando, Fla. - (UPI) - The best in American entertainment during the past 100 years will be represented in a "Merry Missile" time capsule to be planted this fall at Circusland, a year-round tourist attraction being planned near Orlando.  
 Contents of the capsule, according to Maurice Marshall, executive vice president of Entertainment Enterprises, Inc., are designed to show people a century from now what made Americans happy from 1860 to 1960.  
 Films, photographs, books, newspapers, theater programs and so on will be placed in the "Merry Missile" when it is "launched" at ground-breaking ceremonies for Circusland. The seven-and-a-half million-dollar, 200-acre fun center is scheduled to open formally in December, 1960.

## Soldier's Car Has Luxury Equipment

Columbus, Miss. - (UPI) - Air Force Sgt. Dallas Alexander boasts a car equipped with luxuries which even the top brass of the armed forces don't find in their swankiest staff cars.  
 Alexander, stationed at Columbus Air Force Base, owns a seven-passenger 1928 Cadillac.  
 The car, with only 42,000 miles on the speedometer, has an inter-com system, a built-in pump which starts pumping air into the tires at the press of a button, a cigar lighter equipped with cord for passengers in the back seat and an interior upholstered in plush velvet.

## Woman Notifies Friends of Sunrise

Robertson, Ga. - (UPI) - When the dawn comes up like thunder, Mrs. Paul Westmoreland Sr. grabs the telephone. "This is Bea," she says. "Go look at the sun." Then she hangs up.  
 A beautiful sunrise is a delight to Mrs. Westmoreland. For years she has been calling friends, on the more spectacular mornings, to let them share her hobby.  
 She doesn't bother those whose view is cut off by nearby mountains, Mrs. Westmoreland says. "But when I know folks have an open view, and I'm sure they're the kind to appreciate it, then I call right away."  
 How do the neighbors react to the calls? "They look forward to them," she says. Her reason for calling: "I know what it means to get a lift like that early in the morning."

## Three Terms for College Year Urged

Amherst, Mass. - (UPI) - An Amherst College faculty committee has recommended splitting the college year into three terms with the middle session used for a "change of pace."  
 Under the proposed system, there would be 13-week terms in the fall and the spring and a five-week midwinter term during which students would concentrate their studies on one or two general subjects.  
 The committee's report said the short midwinter term "makes it possible to derive greater educational benefits from a portion of the year which, under existing conditions, cannot always be put to the best use."

## Coin Changer Taken From Laundromat

A \$125 coin changer machine containing about \$25 in dimes was stolen from the Westinghouse Laundromat, 634 Crater Lake ave., Saturday night or Sunday morning, Medford police reported.  
 Police said the machine was apparently pried from its place on the wall. The theft was reported by Luddie Valpo McMahon of the 634 Crater Lake address.

## Buffaloes Start Tavern Owner's Zoo

Henry, Ill. - (UPI) - Two "vanishing Americans," a pair of buffalo, are being housed on Fred Ely's farm near here for a tavern owner who wants to develop a zoo.  
 Max Eckhardt bought the buffalo recently from a Nebraska cattle dealer for \$250 apiece. Each animal weighs 500 pounds.  
 Eckhardt said the animals are gentle - they eat out of their keeper's hand - but expensive. For example, it cost \$300 to ship them here, due to an old railroad regulation that considers buffalo extremely dangerous.  
 Eckhardt apparently is trying to bring a touch of the Old West to Illinois for, along with the buffalo, he has three deer on the farm and plans to buy two antelopes from the Brooklyn Zoo in Chicago.  
 Then he will have a home "where the buffalo roam and the deer and the antelope play."

## Bank Conveniences Cut Human Contact

Ann Arbor, Mich. - (UPI) - Drive-in banks, night deposit boxes, bank-by-mail plans and new electronic accounting devices are a mixed blessing, according to one banking executive.  
 They widen the gap between the bank on the one hand and its customers and community on the other, said vice president Robert Lindquist of Chicago's Harris Trust and Savings Bank at a conference here.  
 "Every time a customer takes advantage of one of these conveniences," Lindquist said, "we lose the opportunity for warm, human contact."  
 He urged that banks make up for this lack by other means, such as writing customers an occasional letter of appreciation, by telephoning them and by inviting them "to come into the bank whenever they are nearby."

## Nurse Helps Solve Logistics Problem

Los Angeles - (UPI) - Logistics - the Army term for moving men, supplies and equipment to the right place at the right time - is also a problem in hospitals but it has been solved to a great extent by a nurse at Mount Sinai hospital here.  
 Hospitals throughout the nation are copying the methods of Mrs. Margaret Lee, supervisor of the Mount Sinai central supply department.  
 Perhaps her most important innovation is a "Cardiac Cart" which contains equipment and drugs for treatment of emergency heart cases. The moment a cardiac patient is assigned a room at Sinai, a cart is wheeled into the room, ready for instant use.  
 Mrs. Lee also has re-designed trays to the specifications of physicians and surgeons, using lighter and quieter materials.  
 In addition, she has substituted paper and other disposable materials for linen used on the trays, thus chopping costs and eliminating laundry and sterilization problems.

# Stocks Move Ahead In Reduced Trading

New York - (UPI) - Stocks moved ahead smartly all along the line today in slightly reduced trading.  
 The market hit its best levels of the day around 1 p.m. when the industrial average was at a new all-time high. Profit taking set in at that time which brought down the average from its best level.  
 Despite profit taking, individual gains of a point or more were numerous in the main list and new highs exceeded new lows once again.  
 The steels stood out on the up-side. Gains of 2 points or more at the highs appeared in Youngstown, Inland and Lukens. Advances of around a point or more appeared in a long list of other steels.
