

Recreational Events Told For Summer

"Tips in Sports," is a twice-a-week presentation on radio station KYJC in connection with the Medford city summer recreation program.

The program is broadcast each Monday and Thursday at 5:25 p.m. It includes interviews with famous sports personalities and recreational news.

The city recreational slate now is offering arts, crafts and playground games at Hawthorne and Union Street parks. Children ages 5 to 12 years are invited to the Hawthorne activity from 1 to 5 p.m. Monday, Tuesday, Thursday and Friday. Mothers are asked to save "treasures" such as spoons, small boxes and beads for the arts and crafts work. Union street program is from 1 to 5 p.m. on Wednesdays.

Softball
Organization and practice of girls' softball teams is being held daily from 8:30 a.m. until noon at Hawthorne diamond under direction of Miss Barbara Stamer. Girls from 11 to 18 years may take part and intramural games are planned until regular teams can be made up.

Tennis
Tennis school is progressing from 7 a.m. to noon, Monday through Friday, at Medford High school and McLoughlin Junior High school tennis courts. Robert Huff is in charge. Instruction, practice and matches are offered for a \$1 registration fee.

Recreation baseball for age groups 8-10 and 11-12 will begin Monday, July 6, at Washington, Hoover and Jackson Grade school and Hawthorne park diamonds. Jefferson and Wilson Grade school diamonds will open on Tuesday.

Telescope in Orbit Considered

Washington—(UPI)—The government has ordered studies aimed at putting a 50-inch telescope into orbit around the earth to explore secrets of the universe now hidden from man.

Such a telescope, with adjustments for seeing in ultra violet light and Gamma x-radiation, would reveal views screened out by the earth's dusty atmosphere.

The National Science foundation said Tuesday night the studies are being made by the Kitt Peak National observatory near Tucson, Ariz., with a \$160,000 NSF grant. The work is being done in cooperation with the National Aeronautics and Space administration.

Preliminary findings indicate the telescope, orbiting aboard a satellite several thousand miles up would have a working lifetime of five to 10 years, the NSF said.

Morse, Neuberger, Porter Praise Epps

Washington—(UPI)—Sen. Wayne Morse (D-Ore.) said Tuesday that David C. Epps "will long be remembered by Democrats not only in Oregon but throughout the nation" for his work as state chairman of the Central Committee of the Oregon Democratic party.

Morse recalled that Epps, who died in Salem Monday night, was a former student and a "true friend of many years."

Sen. Richard Neuberger (D-Ore.) said Epps "will have an enduring place in the chronicles of our state because of his unselfish and devoted service as a member of the legislative interim committee on Indian affairs, which did so much to help solve the Klamath Indian reservation question with such success."

Rep. Charles O. Porter (D-Ore.) described the Oregon Democratic leader as a man who always "gave more than he asked . . . he fought hard but he never held grudges."

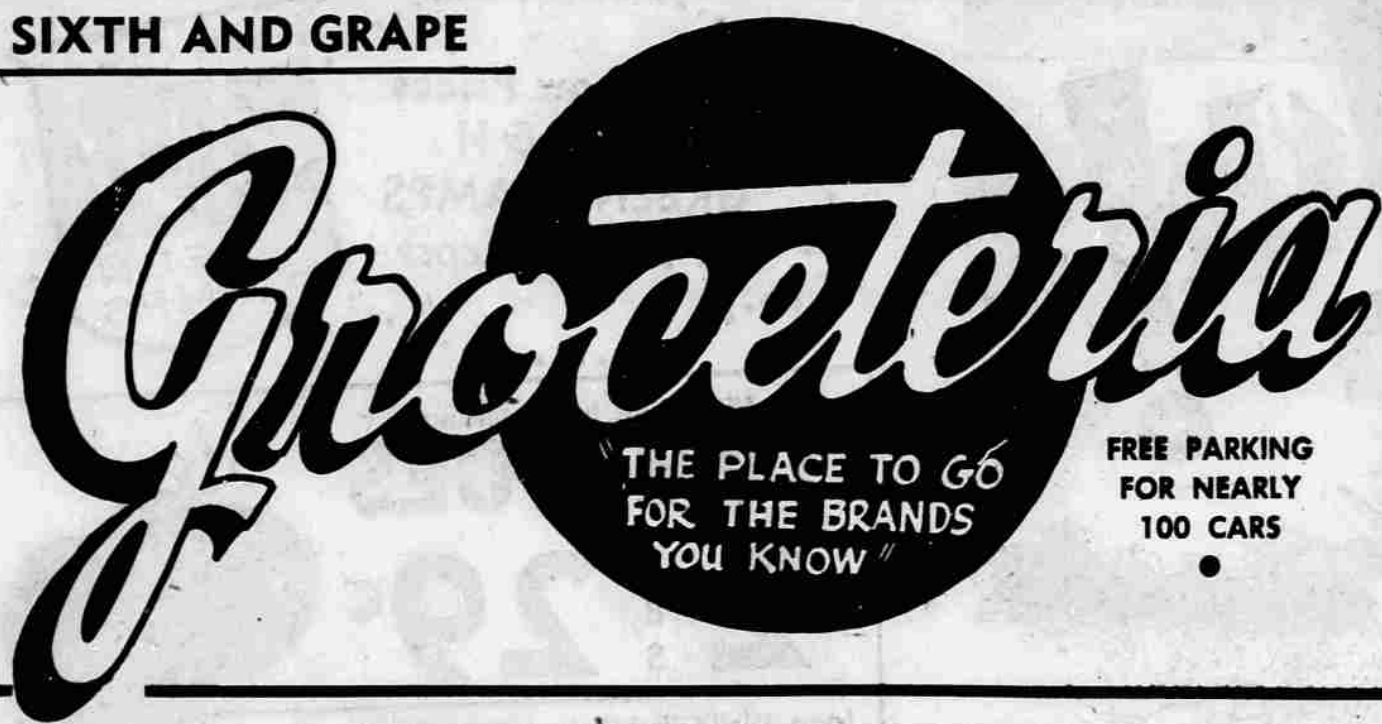

American Dentist Dies in Cairo Fall

Cairo—(UPI)—Dr. William E. Driskell, longtime resident American dental surgeon here, fell to his death Tuesday from his fourth floor clinic on one of the busiest streets in downtown Cairo.

Driskell, 66, whose patients once included former Kings Fouad and Farouk, fell from the balcony of the clinic which he also used as a home.

Police are investigating. Driskell, from Portland, Ore., came to Egypt about 40 years ago and has lived here since.

SIXTH AND GRAPE

SHOP TONIGHT
Thursday and Friday
FOR
July 4th Weekend
So that our staff members may fittingly observe this traditional holiday, the Groceteria will remain
CLOSED SATURDAY
Please do your shopping ahead for this holiday, and be sure to enjoy the week end yourself, just as Groceteria employees will.

OPEN SUNDAY
AS USUAL
9a.m. to 9p.m.

FREE! 4th of July BONUS from your GROCETERIA

1 DOZEN (12) **Snider's BARS** 84c VALUE
