

Head-on Collision Snuffs Five Lives

Flagstaff, Ariz.—(UP)—Five persons were killed—including a mother and three of her children—and a 2-year-old child seriously injured late Saturday night when their car collided with a truck.

Mrs. Wanda Lois White, 23, of Cheney, Kan., and her three children aged 8 months to 6 years were killed along with another passenger in her car, James Patrick Roberts, 24, Mrs. White's fourth child, Matthew Edwin White, was taken to Flagstaff hospital.

An Arizona highway patrolman said Mrs. White's car apparently crossed the center of U. S. Highway 66 just east of here, sideswiped another car and smashed head-on with a truck. Drivers of the other car and truck both escaped injury.

About 600 Americans die of cancer every day.

The Medical Roundup

by *Walter Alvarez*

Emeritus Consultant in Medicine, Mayo Clinic
Emeritus Professor of Medicine, Mayo Clinic

Why Are Some Men Sterile?
Usually a man is sterile because he has had some inflammation in what is called the epididymis, which is a small mass of tubules on the back of the testicle. These tubules carry the spermatozoa from the testicle into the tube which runs up to the seminal vesicles, or little sacs which lie next to the prostate gland at the base of the bladder. When these ducts are all plugged up by scar tissue there is not much that can be done. There is an operation, but urologists tell me it so commonly fails that they do not care to perform it. Usually about the only thing the couple can do is to adopt a child, or to have a so-called test-tube baby, obtained by "artificial insemination" with sperm taken from an unknown man.

Many men, of course, and even men in excellent health, have a low sperm count; why, no one knows. Sometimes a certain type of medication will cause the sperm count to rise for a while. In some cases, there are many spermatozoa, but they are poorly formed, or not very motile. They are not active enough to work their way up through the womb and out into one of the tubes on each side of the womb—where fertilization takes place. In some cases, if the couple will have intercourse perhaps only once a month and then at the time when the woman has just ovulated and hence is most fertile, the man will have accumulated enough sperm so that a child can be conceived. It sounds like a logical thing to try.

Violent Objections
I won't go into the problem of artificial insemination with sperm from an unknown man, because so many religious people have such violent objections to this. They tell me God would not approve of

Texas Man Champ Of St. Paul Rodeo

St. Paul—(UP)—Ray Wharton, a hard-riding Texas cowpoke who specializes in calf roping, Sunday captured the title of all-around cowboy of the 24th annual St. Paul rodeo here.

The 39-year-old bachelor from Barneveld scored 1,227 points to win the championship. He took first place in calf roping.

First-placers in other events included: Harry Charters of Melba, Idaho, steer wrestling; Elly Hand, West Palm Beach, Fla., Brahma bull riding; Enoch Walker, Farmington, N. M., saddle bronc riding; Johnny Mitchell, Ft. Bragg, Calif., bareback bronc riding, and Tuffy Cooper of Monument, N. M., wild cow milking.

PATIENT EXPLANATION
Los Angeles—(UP)—The Fire department explained very patiently why it couldn't approve the action of a citizen who painted a nearby fire hydrant pink to match his house. "We don't lack a sense of humor or beauty," department spokesman Earl Leonard said. "But it means we have to repaint the hydrant. And that means more work, which means more money, and more taxes."
