Quotes From the News

By United Press International

Washington—President Eisenhower, discussing his problems of getting along with the House and Senate: "Now, when it comes down to the relations of any President with a Congress controlled by the opposite party, I just say this—it is no bed of roses."

New York—A statement by the steel industry rejecting a union proposal for creation of a three-man fact-finding board to help end the steel strike: "We know the facts. You know the facts. We do not need third parties to find them out for us."

Falls City, Neb.—Mrs. John Reger, on her husband, the Rev. John Reger, 31, who deserted her and their 11-year-old son last September: "We've had a rough time since his disappearance. I'll do everything I can to make it just as rough as I can on him. He deserves it."

Phoenix Council Approves More Watering Hours

Phoenix—Two additional hours of watering are now allowed Phoenix residents, Mayor Arthur MacKintosh announced last night following a special city council meeting.

Residents will continue on the same watering schedule but may now water from 7 to 9 p.m. in addition to the 5 a.m. to 9 a.m. watering hours. The north half of Phoenix starts the new watering schedule today. This will continue until further notice, the mayor said. The city has been on rationed water supply for two weeks.

Real Estate Exam Scheduled Saturday

Real estate examinations for an estimated 46 new real estate salesmen and 8 brokers will be given by the real estate department of the state of Oregon at 8:30 a.m. Saturday, July 18, in the National Guard armory on Highway 99 south.

William Frohnmayer, a member of the state real estate board, will conduct the exam.

Irrigation Water Limited in Yreka

Yreka—Yreka city councilmen have limited the use of water for irrigation through July.

In an informal recommendation made at this week's council meeting, citizens have been advised to use water for irrigation between 6 and 10 a.m. and 4 and 8 p.m. on the odd days of the current month. There will be no irrigation on the even days.

Trial Opens for Accused Slayers

San Diego, Calif.—UPI—The prosecution opens its case today against a man and woman accused of killing the woman's two small sons because they were "a bother."

A jury of six men and six women was selected Wednesday to determine whether Mrs. Wanda Brogdon, 33, and her lover Kenneth A. Merriam, 36, both formerly of Rockford, Ill., are guilty of murdering David, 3, and Virgil Brogdon, 5, May 2.

The council also discussed obtaining a bigger reserve of water. One would be to sink a well adjacent to an existing well at the pumping plant at the end of B st. in Phoenix. The alternate plan would be to obtain additional land for a well site. The well now being used in that location has an area of 80 square feet surrounding it. However, city officials have been informed it is possible to sink a well within eight feet of the other well.

Mayor MacKintosh is to confer with the city attorney to see if city funds can be transferred legally from other allocations for possible purchase of well site land and equipment. An adjourned city council meeting is scheduled next Monday to discuss further a possible solution to the problem.

DROWSY STAY-AWAKE

Orlando, Fla.—UPI—Jim Austin nearly fell asleep Wednesday when he started his bid to become the world's "stay-awake" champion. Attendants said he was still drowsy from the sleeping tablets he'd taken the night before so he could get off to a well rested start.
