

## N.Y.-To-Moscow Speed Record Set

Moscow - (UPI) - America's biggest commercial jetliner today streaked non-stop from New York to Moscow in the record time of 8 hours and 45 minutes.

The flight of the "intercontinental" version of the Boeing 707 knocked 63 minutes off the flying time of the Russian TU14 prop-jet that set the previous New York-Moscow record when Soviet First Deputy Premier Frol Kozlov returned to Russia earlier this month.

The new record was set by a Pan American World Airways jetliner, under charge to

the State Department, carrying 96 persons, most of them American newsmen assigned to cover Vice President Richard M. Nixon's 11-day tour of Russia.

The newsmen left New York about 90 minutes after Nixon left Friendship, Md., aboard an Air Force UC137 jet transport, the smaller and slower version of the Boeing 707. They beat Nixon into Moscow.

The press plane flew non-stop. The Nixon plane refueled at Reykjavik, Iceland.

## MOUNTAIN'S TOLL

Mount Washington, N.H. - (UPI) - Forty persons have perished on the rugged slopes of 6,288-foot Mount Washington since 1642 when Darby Field, an Irish adventurer, became the first victim after getting lost in a blizzard.

Norwich, Conn. - (UPI) - Dinner was delayed two hours for 150 guests because each of the event's co-chairmen thought the other was arranging for the food.

Miller as board chairman; Pamplin, president; Brandis and Flowerree, vice presidents; Kane, treasurer and Miss McCravy, secretary.

## Woman Burns Hand

A flash from a gas burner Tuesday night burned the hand of Mrs. Al White, owner of the Rogue Restaurant on South Central ave., according to the Medford fire department.

The fire department said Mrs. White was re-igniting a burner that had gone out when the fire occurred. She was given first aid at the scene and at a nearby drug-store and advised to see a doctor, the department said.

The fire damaged a 6 by 2 foot section of wall beneath a serving window in the restaurant.

## Marines Climb Mt. Whitney

Long Beach, Calif. - (UPI) - Two-hundred Marines climbed slowly up the south slope of 14,490-foot Mt. Whitney today on their 175-mile hike that began in Death Valley.

Moving only 100 yards at a time up the steep slope because of the altitude and rugged terrain, the hikers, from Camp Pendleton, Calif., expected to reach the top of the mountain some time this afternoon.

Officers said they would plant their battalion colors on top of the mountain. It will mark a walk from the scorching Death Valley which is

252 feet below sea level to the highest peak in California.

Even after they reach the top, the Marines still have about 33 miles more to go on their tired, blistered feet.

Medical personnel with the hikers said at least four-fifths of the men had blisters on their feet, but the Marines expressed determination to finish the hike after going this far.

The march began Monday and so far has extended over 100 miles in temperatures ranging up to 120 degrees in the valley to 30 degrees at night on the mountain.
