DROUGHT HITS CHINA

Tokyo—(UPI)—The New China News agency said today that 10 million peasants in Communist China's central provinces "are waging a hard fight" to overcome the effects of drought. Emergency irrigation procedures have been instituted for 3.4 million acres of land, the agency reported. In one province alone, Anhwei, more than 32,000 ditches and canals were dug.

SAUD IN GOOD HEALTH

Frieburg, Germany — (UPI) — Doctors Monday reported that a thorough medical examination had shown King Saud of Saudi Arabia to be in "good health," although he "suffers from some blood pressure" trouble.

NOSEY NEIGHBOR NOTE

San Pedro, Calif. — (UPI) — A sign visible above a flourishing growth of weeds in front of a home here reads: "To one of my disgusted neighbors who won't mind his own business: 'I will clear the weeds when I am good and ready'."

The Medical Roundup

by Walter Alvarez

Emeritus Consultant in Medicine, Mayo Clinic
Emeritus Professor of Medicine, Mayo Clinic

DR. ELLIOTT JOSLIN, A GREAT PHYSICIAN

The other day at the meeting of the American Medical association, I had the rare privilege of chatting for a while with one of the great men in American medicine. As he said, a couple of days before, he had passed his 90th birthday; yet, there he was, just as wide awake and keen as ever.

Dr Alvarez

He is the most distinguished physician in the world in the field of treating diabetes. He was one of the first men to recognize the great importance of Banting's and Best's discovery of insulin in 1921, and he immediately tested the new drug on his patients.

It has been his great joy to teach thousands of diabetics to live out a long life in spite of their handicap. He gives a bronze medal to every one of his diabetic patients who has exceeded the normal life-expectancy, and there are now over two thousand of these. He gives a gold medal to those who have more than doubled their life-expectancy. One of these men is George F. Baker, president of the First National Bank of New York City, whose generous bequest made possible the establishment of the Baker Diabetic Clinic at the New England Deaconess hospital.

It is a pleasure to join here with the editors of the outstanding New England Journal of Medicine in congratulating Dr. Joslin on 90 years of distinguished living. He has been one of the most useful citizens in th whole United States.

HELP FOR ANGINA PECTORIS

All those many persons who are suffering occasionally from angina pectoris—a terrible pain in the heart which comes with exercise or anger—will be interested in recent reports by Dr. Myron Prinzmetal, of the University of California, Los Angeles, who says that 20 out of 43 of his patients were able, with a new drug called monomine oxidase, to discontinue the use of nitroglycerine. An additional 15 patients obtained some relief.

• • •

Dr. Alverez' booklet on heart trouble may be obtained by sending 25 cents and a large, stamped, self-addressed envelope with your request to Dr. Walter C. Alvarez, Dept. MMT, The Register and Tribune Syndicate, Box 957, Des Moines 4, Iowa.

(Released by The Register and Tribune Syndicate, 1959)

18,000 Signatures Obtained by Group

Albany, Ore. — (UPI) — A local group entering the final phase of an effort to bring Oregon's 1959 income tax law to a vote of the people reported Monday it had 18,000 to 19,000 certified signatures on a referendum petition.

The petition needs 21,074 signatures by Aug. 4 to go on the 1960 ballot.

Duane Roisen, an Albany heating oil distributor and secretary of the tax group, said he brought 8,000 names from Portland already certified. He said another 2,000 names there remained to be processed.

"We're confident we'll make it if all the petitions come in," he said.

If the petition succeeds it would block the tax measure from going into effect as scheduled Aug. 5. The current law would then apply until the November 1960 election.

The 1959 income tax bill would eliminate deductions for federal taxes from state income tax payments.

Hoffa Says He Will Sue Bob Kennedy

Washington — (UPI) — Teamsters President James R. Hoffa said Monday he will accept a challenge to sue Senate Rackets Committee Counsel Robert F. Kennedy for libel.

Kennedy hurled a half dozen charges at Hoffa on the nationwide television program "Meet the Press" and then challenged the peppery union leader to sue for libel.

Hoffa told United Press International he had "every intention" of bringing libel action against Kennedy for these charges and for accusations he made last Wednesday on "The Jack Parr Show." He said he also would sue NBC, the network that carried both programs.

The Teamster chief said he, Union Attorney Edward Bennett Williams and other lawyers would go over a transcript of "Meet the Press" Monday to decide which portions to cite in the libel action.

Hoffa said the suit would be filed as soon as the necessary legal papers could be prepared. He said Williams would decide where to lodge the action and other details of the suit.

TOOK BULL BY HORNS

Atlanta—(UPI)—Lt. Col. Maynard P. Booth, stationed at Ft. McPherson, out-manned a gun-carrying squad of motorcycle police with only a rope and a jeep Monday. The Army officer, attracted by the curious activity of the policemen, learned a wild bull was loose. He had it roped and tied in five minutes, just the way he learned it, he said, in his South Dakota youth.

Committee Favors Bully Creek Dam

Washington — (UPI) — A Senate subcommittee on irrigation and reclamation Monday approved bills authorizing Bully creek dam in Malheur county and improvement of irrigation facilities at the Crooked river project in Crook county. Both projects are in eastern Oregon.

The Bully creek project, already passed by the House, provides flood control and supplemental water for about 3,000 acres of Vale irrigation project lands.

The Crooked river project proposal would permit expansion of canal and pumping facilities to eventually bring water to another 3,000 acres in the Prineville vicinity.

Both bills, sponsored by Rep. Al Ullman and Sens. Wayne Morse and Richard Neuberger, Oregon Democrats, are scheduled for full Interior committee consideration Aug. 4.
