

# Plans Announced for Second Professional Football Loop

By JOHN GRIFFIN  
New York—(AP)—A former professional football star who is "involved" in creating a new major pro football league disclosed today that the loop, tentatively named the "Trans-America conference," hopes to begin operation next year with 12 teams.

Travis Tidwell, former New York Giant passing ace, said the new league would be "just as representative as the National Football League, with teams from coast to coast and Miami to New York."

Existence of plans for a new pro football league was revealed Tuesday by Bert Bell, commissioner of the NFL, in testimony in Washington, D. C., before a Senate subcommittee which is conducting hearings on anti-trust bills relating to pro sports. Bell said the NFL would "welcome" the new loop.

**SAFE**—Chicago Cubs' left fielder Bobby Thompson slides safely into second base on teammate George Altman's infield single in second inning of game with the Giants at Seals Stadium in San Francisco. Giants' shortstop Eddie Bressoud covers second. Cubs won, 7-3.

## Maurice Stokes Receives Check

Cincinnati, Ohio—(AP)—Maurice Stokes, Cincinnati Royals basketball star who has been paralyzed nearly a year and a half, received his second check Tuesday from admiring fans who want to help him get over his illness.

## Drive-In Movie Attendance Set

Central Point—A bus load of Central Point boys and girls will attend a movie at the Starlite drive-in theatre on Thursday evening.

## Indians, Tigers Junior Victors

Central Point's Gary Frohreich tossed a no-hit, no-run game yesterday as the Indians blanked the Ashland Bears 12 to 0 in a Southern Oregon Junior Baseball pee wee league scramble.

The Medford Tigers beat Central Point's other team, the Braves, 14 to 3. No report was turned in on the Ashland Cubs' game at Eagle Point.

Frohreich walked three and whiffed two in shutting out the Bears. The Indians got six of their runs in the fifth inning.

# SPORTS

## Camp White Knots for Lead in RV

Camp White—Jim Eggers struck out 20 batters here last night as Camp White defeated Butte Falls, 12 to 4, to tie for the leadership of the Rogue Valley Baseball league second half.

## Allen Cops 10th Horseshoe Title

Murray, Utah—(AP)—Ted Allen, a fixture in horseshoe pitching competition for the past two decades, still has his golden touch.

## LAKES PLANTED

Olympia—(AP)—The Washington state game department planted more than 100,000 rainbow and cutthroat trout in Mount Rainier National Park lakes last week in cooperation with the U.S. fish and wildlife service.

OTI had the top grid club of the conference last fall but gave up its title when it saw that it had played four men who had passing grades in an insufficient number of hours.

The OTI set-up will become more like that of the other schools of the loop on July 1, 1960. On that date administration of the school will shift from the Oregon state board of education to the Oregon state board of higher education.

## Tractor Traveling Family in Portland

Portland—(AP)—Marion, Ohio, farmer James Clark, his wife and two children arrived here Tuesday night on the next-to-last leg of their coast-to-coast trip by tractor.

The family planned to go on to Seaside today. They started out from Ocean City, N. J., July 6 with a month's vacation, and wanted to take their time.

Mrs. Clark and the children, Larry, 11 and Janice, 8, divided their time during the trip in a glass-enclosed cab and a special trailer towed by the tractor.

Clark, who said he was a great-great grandson of William Clark of the famed Lewis and Clark exploring team in the early 1800's, planned to go to Salem after the trip to Seaside to deliver a letter from Ohio Gov. Mike De Salle to Gov. Mark Hatfield.

DEFENDS CONCEALATION  
Los Angeles—(AP)—RKO Pictures Tuesday defended its cancellation of British film actress Diana Dors' contract by charging she had acquired an international reputation for "insobriety, unchastity, intemperance, immorality and exhibitionism." The charge was leveled in response to Miss Dors' \$1,275,000 defamation and breach of contract suit against RKO.

# Governor Hatfield Tells of Oregon's Political History

Oregon's history as a pioneer in politics was given by Gov. Mark Hatfield Tuesday in "a few comments" before local Republicans at a luncheon at the Jackson hotel.

He referred to the state's role in early referendum and recall, direct election of senators and civil rights leadership. Republicans must be progressive, he declared, and "willing to be bold, especially in the areas of confusion of the majority party."

The governor, who spoke before a capacity audience of party workers, local office holders and others, charged that he found "utter confusion" without progress in the Democratic party at the last state legislative session.

Democrats in the Oregon senate could not agree with those in the house of representatives on taxation or other vital issues, he declared. Economy Praised

Governor Hatfield praised Republican economy in government, citing the current record management program in the department of finance. The change in filing in the department will save the state \$3 million he said, by emptying 1/3 of the files of unnecessary records, making space available for new items, and saving on labor and new files.

He said such economy should be extended to all operations of government. The current state budget is \$20 million less than that predicted by ex-Gov. Robert Holmes, Hatfield declared, and 44 per cent less than in the state of Washington.

Another of Oregon's pioneer political leads praised by the governor is the "first real preferential primary, which

EASY-GOING PINCH  
San Antonio, Tex.—(AP)—Fortune teller Jack Richard Moss, 58, mis-read his crystal ball Tuesday. "You're an easy-going type," he told a customer. The customer then identified himself as detective Bill Madison, and arrested Moss for violation of an anti-fortune telling law.

Gold is profitably mined in all but two of Canada's provinces, the output second only to South Africa.

Rockefeller, he said if he desires the nomination he "will have to come out of New York hibernation if he wants to realistically compete for support from Oregon Republicans."

Gift Presented  
Mrs. Hatfield, who is accompanying the governor on his southern Oregon visit, was presented a gift for the couple's young daughter, Elizabeth.

Don Stathos, county central committee chairman, introduced local Republican office holders and central committee executives.

Honored as outstanding precinct committee workers were Mrs. John Lynch, who introduced the governor, and Robert Nelson. Mrs. Ralph S. Brindley was honored as an outstanding area leader.

Turboprop Transport Completes Tests  
Philadelphia—(Science Service)—A turboprop transport plane that can land in 250 feet and clear a 50-foot obstacle in less than 350 feet on its take-offs has completed successful test flights at Toulouse, France.

Developed by Breguet Avions of France, European affiliate of Piasecki Aircraft Corporation here, the Breguet 940 is able to land and take off in short distances, even from rough or unprepared fields and runways, because of its "superflaps" and four interconnecting propellers. This ability is said to open a new field for commercial and military air transportation.

Turkey has 11 cities of more than 50,000 population.
