Vienna Communists Attack 15 at Festival

Vienna—UPI—Communists slugged and beat up 15 Americans and Britons, including three young women, yesterday at the Red-run World Youth Festival. The clashes included a five-minute battle between Austrian Communists and Britons at a big Red "peace" rally last night.

Anita Tanner, 20, of Van Wert, Ohio, said a 200-pound Red guard slugged her across the face for distributing leaflets on U. S. agriculture.

Miss Tanner, a student at Rollins college, Winter Park, Fla., said two other guards stood by and did nothing when the guard, an Austrian, "let me have it right across my face."

'A Little Swollen'
"It's been a little swollen ever since," she said.

The others were beaten up for carrying pro-western or anti-Communist signs during a parade of delegates to a big festival rally in Vienna's floodlit Heroes' Square last night.

It seems the class held their 40th reunion June 19, 1959. The class at graduating time had only five members owing to Uncle Sam calling so many students for war duty, this made the smallest graduating class in the history of the district, yet at the time of graduation it was the largest class to graduate in the district. The class motto, according to Frank, was "Quality not Quantity."

TABLE ROCK Fires Extinguished

By R. E. Nealon

Table Rock—This community and vicinity was struck by an epidemic of fires during the past week. The first was luckily discovered just after it started in a field of ripe barley on the J. S. Richardson farm. This was promptly checked with a pail of water thrown by Mrs. R. E. Nealon who happened to be there at the time. Garden hoses spliced together finished the job just as the Rural Fire truck arrived. A minute search of the ground where the fire started revealed no indication of what started the fire.

A few days later a clothes dryer over-heated at the Harold Shark home and did some \$50 damage to the roof of the wash house and was put out by a truck and crew from the Central Point Rural fire department.

Thursday afternoon a grass fire that caused some alarm owing to the billowing clouds of smoke was near the Bill Duggan home, and was caused by the back firing of a Model T truck. A fire truck from the state department of forestry helped bring this under control with the only damage being the destruction of the tires on the truck.
