Cord Stolen—A 50-foot extension cord valued at \$25 was stolen sometime during the past week from the garage of Donald Grant Shopp, 1025 North Central ave., according to a report made to Medford police.

Clinic—The Chest x-ray clinic at Sacred Heart hospital will be open today from 7 until 9 o'clock and Thursday from 2 until 5 p.m. according to the Jackson County Tuberculosis and Health association, clinic sponsors.

Fined—A 17-year-old Medford boy was fined \$35 in municipal court today on a charge of illegal possession of alcoholic beverages. Municipal Judge Alan Holmes suspended \$15 of the fine. The youth was arrested by city police last week end after he was observed leaving a North Riverside ave. drive-up.

Bin Fire—Minor damage to the sawdust bin resulted from a fire in sawdust at McGrew Brothers sawmill on Barnett rd. about 5:40 p.m. yesterday, firemen said. Sparks from a burner were thought to be the cause. While firemen were at the scene, a watchman discovered a fire in timbers above the head rig which was reportedly put out without serious damage. Two fire trucks were sent to the mill.

Grass Fires—City firemen were sent to a grass fire about 11 a.m. today at Bel Aire heights. Fire covered about an acre and sparks from welding were thought to be the cause. A small shed, owned by Charles C. Heard, was burned in a grass fire about 12:50 p.m. yesterday at 1257 South Riverside ave. Firemen put out a small trash fire about 5 p.m. yesterday in the 700 block of East Jackson st.

Thermostat Sticks—The thermostat on the hot water heater at the Kenneth Randle home, 1116 Niantic st., stuck yesterday evening, allowing water to reach extreme temperature and back up in cold water lines. Firemen said that they disconnected the switch and recommended that a repairman be called.

Kit Carson, Colo.—Two armed bandits held up the Kit Carson State bank here today and got away with an estimated \$50,000.

Money Taken—Theft of \$26 from the apartment of Anna Mae Frazier, 244 South Central ave., was reported to Medford police yesterday. A total of \$21 was reported taken sometime Monday night from Miss Frazier's purse and \$5 from a small bank in the apartment.

Herter Warns Reds Of Allies' Stand In West Berlin

Geneva—(UPI)—Secretary of State Christian A. Herter warned the Soviets today that the western allies are in Berlin by right of victory in war and that they have no intention of signing away those rights. Herter delivered his blunt warning to the closing plenary session of the deadlocked 10-week-old Big Four Foreign Ministers' conference. It was the first public restatement of the tough western stand on Berlin since the invitation to Soviet Premier Nikita Khrushchev to visit the United States. It showed that, despite the sudden easing of cold war tensions, the West has not backed down an inch in its determination to remain in Berlin.

Favors Resumption—However, Herter came out firmly for resumption of the Big Four talks at some time in the future. He expressed confidence that an East-West agreement still could be reached giving security to 2,500,000 free West Berliners. "I would hope," Herter told the conference, "that we will resume our negotiations, at a date to be determined by our governments, in order to address these differences one by one. If we can reconcile these differences, this should lead to an agreement which will give real hope for a secure position for the free people of West Berlin. This should also permit a start to be made on overcoming the continued division of Germany."

The actual date and place of a new meeting will be arranged through diplomatic channels. Western sources said the choice of a date presumably will depend on the results of the Eisenhower-Khrushchev talks. Herter flies home Thursday. The other western ministers planned to leave either tonight or Thursday.

Non-Surgical Method Cures Hemorrhoids Painlessly
A relatively painless, non-surgical method of treating hemorrhoids (piles) is working therapeutic miracles for thousands who suffer from rectal and colon disorders. A recently developed electronic treatment is proving more effective than surgery, with none of the after effects of surgery. The treatment requires no hospitalization or confinement. Patients show marked improvement almost immediately, and uncomplicated cases can be frequently corrected in as little as 10 days. Building Permit Issued for Shop

School district 549C was issued a Medford building permit Monday for constructing a \$71,000 maintenance shop on West Jackson st. at Columbus ave. The shop is to stand on property deeded to the district by the city last week. The property was part of the tract given over to the city for park development by the late Jackson county housing authority. Contractor for the project is Jack Batzer, Medford. Deeding the property for the maintenance shop to the school district, a move requested by the housing authority, was approved at last Thursday night's council meeting despite the objection of Councilman Robert Van Sickle, Ward III, who stated among other things that he did not think a garage should be permitted in a residential area. The property is reportedly in a multiple family residential zone—but officials have taken the view in this and other instances that developments by governmental agencies are not subject to zoning regulations. Another permit issued Monday was to Western Auto Supply company for \$4,000 in remodeling of its 25 South Riverside ave. store. Part of the store is being razed to allow the extension of Eighth st. east across Bear creek. A permit was also issued Monday for constructing a \$12,000 residence at 1444 Morrow rd., to C. W. Brooks.

O and C Money Received Early, Treasurer Reports

The \$2,314,670 check for O and C lands presented to Jackson county yesterday was received about a month earlier this year than last, County Treasurer Karl Janouch said today. The result is that the money will accrue an additional \$8,281.64 in interest payments. Yesterday the county court issued an order transferring approximately 21 per cent of the money, or \$486,014.21, to the county historical society, schools and libraries, as provided by budget. The county schools received the biggest part of the transferred money, \$425,040. The county is required by law to provide \$10 per census child to the county schools but this year, for the first time, the budget committee doubled that amount. The other departments receiving money were the Medford library, \$31,860; Southern Oregon Historical society, \$25,759; Ashland library, \$3,131.75; and Rogue River library, \$223.46. Janouch said that by providing these agencies with operating funds from the O and C money, it reduced by almost a half million dollars the amount that would have had to be raised by tax levies.

Four Drivers Cited Following Accidents

Four drivers were cited by Medford police yesterday and today following minor traffic mishaps in the city. Eliza Winston Despain, 1308 Hilton rd., was cited for failure to yield right of way after his sedan and one operated by Terry Anson, Gustine, Calif., collided on Highway 62 at Hilton rd., at 5:51 a.m. today. Mrs. Donna Lee Regan, 229 North Ivy st., was charged with failure to leave information at the scene of an accident after her car struck a sedan parked on Saling st. and owned by Wilber LeRoy Stevens Jr., 1208 Saling st., police reported. Stevens' car was damaged on the fender and door. Donna Jean Epps, was cited for violation of the basic rule when the car she was operating collided with a car owned by Claudine L. Edwards, route 1, box 47B, Central Point, while it was parked at Fourth and Holly sts. Tuesday morning. Both vehicles were damaged. A collision at 11th and Grape sts. at 4:40 p.m. Tuesday resulted in a citation for Ethel Louise Combs, Phoenix, on a charge of failure to stop at a stop sign. Police reported that her sedan and a car operated by Leroy Albert Pritchard, 1408 South Ivy st., were damaged in the collision.

Magic Used by Ft. Carson Chaplain

Ft. Carson, Colo.—(UPI)—Magic, once thought to be the work of the devil, is being used by a chaplain at Ft. Carson, Colo., to make his sermons more interesting. First Lt. Robert Anderson said that while he was a student at Northern Baptist Seminary in Chicago, he enrolled in a course called "Gospel Magic." While lecturing to church groups and civic and youth organizations, Chaplain Anderson found an occasional trick made the audience more receptive to his message. Later, he tried it at Ft. Carson and was an immediate hit.

Senate Committee Approves Change
Washington—(UPI)—Sen. Barry Goldwater, a Republican stalwart, has won a round in his campaign to dispel any suggestion that a dam in his state was named for Franklin D. Roosevelt. The Senate Interior Committee Tuesday approved Goldwater's resolution changing the name of Roosevelt Dam in Arizona to Theodore Roosevelt Dam. Goldwater said the measure was designed to make sure there was "no confusion" about the origin of the dam's name.

Increased Losses Noted on Market

New York—(UPI)—Stocks extended Tuesday's losses on increased volume today. Industrials made their lowest prices around noon when DuPont was selling at a loss of nearly 7 points. That issue came back substantially and others regained small amounts. Electronics and other stocks having a connection with defense work were harder hit than the main list. Electronics were hammered down 1 1/2 to more than 4 points and their recovery from the lows was small. Aircrafts registered losses running to more than a point. Steel issues generally were lower although the leading issue, U. S. Steel and Bethlehem—only gave up fractions. Chemicals were lower as a group. Ford firmed but other motors registered small declines. Metals eased. Oils went back on average. Tire shares were down more than a point on average. American Home Products lost 2 in the drugs. Owens Corning fell more than 3 in the glass group and Polaroid was down a similar amount in the cameras. Commonwealth Edison was a firm spot in the utilities.

Commissioner's Car Catches Fire

Bodega Bay, Calif.—(UPI)—A fire in the fire commissioner's car parked outside the fire houses disrupted a meeting of the fire department women's auxiliary one night recently. The vice president, Mrs. S. S. Darling, quickly showed why she had been elected to a position of leadership in the auxiliary of the Bodega Bay fire department. Mrs. Darling spotted the flames first, yelled "Fire!" rushed outside and extinguished the blaze. Smoke (and water) damage was confined to the front seat of the car of Fire Commissioner William Garden, who had been attending the auxiliary meeting to bring the women up to date on fire fighting techniques.

Typhoon Ellen Misses Okinawa Tuesday

Tokyo—(UPI)—Typhoon Ellen, which narrowly missed Okinawa with 116-mile an hour center winds Tuesday, was roaring toward the southern coast of Korea today. Okinawa escaped the full force of the storm, but reports from the tiny Daito Islands, 200 miles to the east, said the howling winds had destroyed 60 per cent of the banana crop.
