Listerine stops bad breath 4 times better than tooth paste!

Tooth paste is for your teeth—Listerine is for your breath. Germs in the mouth cause most bad breath, and you need an antiseptic to kill germs.

Always reach for Listerine after you brush your teeth. No tooth paste is antiseptic, so no tooth paste kills germs the way Listerine Antiseptic does... on contact, by millions.

Listerine stops bad breath four times better than toothpaste—nothing stops bad breath as effectively as the Listerine way.

Traveling Bags Ida M. Pardue

For this team game you will need two paper bags. Line up teams in two rows. Give the first player in each line a bag. At the word GO, the bags start traveling from one player to the other, making a round trip, down the line and back. As the bag is received, each one must "pack" something in it—ring, bobby pin, sock, pencil, barrette, etc. On the return trip, the bag must be "unpacked"—that is, each player must take out whatever he put in as fast as he can! The fastest line wins.

Tumblers Ann Davidow

Out of letters X,
Y, Z,
Let's make little
tumblers three.

Z is on his knees
and hands,
Gayly on his head
Y stands,

While on top of
both thinks X,
"I hope we all don't
break our necks!"
