The Medical Roundup

by Walter Alvarez

Emeritus Consultant in Medicine, Mayo Clinic
Emeritus Professor of Medicine, Mayo Clinic

Ileostomy Incorporated

In the New England Journal of Medicine is an interesting editorial on QT Incorporated–a group of Bostonians, each one of whom has an ileostomy, an opening into the lower end of the small bowel. This is anything but a pleasant thing to have, but the people learn to live with it. They publish the "ileostomy Quarterly." Persons wishing to get in touch with these people can send mail through the New England Journal of Mediicine, 8 Fenway, Boston, Mass.

Dr Alvarez

Already there are some 1,500 to 2,000 people who have an ileostomy. It is worse than a colostomy (hole into the large bowel) because the material that comes out of the small bowel is fluid, and harder to control. The material that comes out of a colostomy tends to be solid.

It is great comfort for people suffering from such a handicap to be in touch with other human beings who are similarly afflicted. Also, money is being raised for research on the best ways of taking care of the opening into the bowel. Often an ileostomy is made by a surgeon when he had to remove the colon because of a severe form of chronic ulcerative colitis.

I have heard of an Ileostomy Club on the West Coast, in California, and I have heard of "Ileoptomists, Inc.," of Chicago. The president of the Chicago group is Mr. Matt Martel, 27 South Elm, North Lake, Illinois.

Dr. Alverez' booklet on allergy, hay fever and asthma may be obtained by sending 25 cents and a large, stamped self-addressed envelope with your request to Dr. Walter C. Alvarez, Dept. MMT, the Register and Tribune Syndicate, Box 957, Des Moines 4, Iowa. **(Released by The Register and Tribune Syndicate, 1959)**

Formosa Rains Toll Reaches 2,041

Taipei –(UPI)– Rain was forecast today for the fifth consecutive day on Formosa where the worst floods in local history have already left at least 2,041 persons dead, injured or missing.

It was feared new rains might again raise the level of the waters that drowned out a tenth of the island's farmland and drove 246,000 persons from their homes. At latest reports, the waters were receding.

Police casualty figures listed 619 persons known dead, 459 missing and 963 injured in the flash floods that raced across central Formosa during the week end. A spokesman said the casualty toll may rise because seven villages in the flood zone have not yet been heard from.

The China Post said damage may amount to as much as $28 million.

Sunburns Being Studied by Company

New York –(UPI)– Persons between the ages of 21 to 50 and pregnant women up to their seventh month have been found to be particularly susceptible to sunburn.

Researchers for Johnson & Johnson also found that high humidity, light clouds and lack of a wind are the ripest conditions for a bad case of sunburn – or, to be technical, "erythema solare."

Humidity causes perspiration to remain on the body, making the skin particularly sensitive to ultra-violet rays. Conversely, a wind will dry the skin. As for light clouds, they serve as reflectors for sunshine.

West Coast Seeks To Extend Service

Seattle–(UPI)–West Coast Airlines announced Monday it had filed with the Civil Aeronautics Board a route application to extend its local service south from Boise and Salt Lake City to Las Vegas, Nev.

LYING beside his police car, bullet-riddled body of Policeman Eugene Doran, Hillsborough, Calif. was found on lonely road.
