

Central Point Garden Club Plans Numerous Activities

Central Point - Vacation time is not a time for work to cease in the Central Point Garden club.

Activities in the club as well as projects in the gardens continue right through the warm weather. The group met August 5 at the home of Mrs. Everett Young, Willow Springs road. The subject for study was "Line Arrangement."

Mrs. Wallace West, who was in charge of the program, gave a demonstration on line arrangement, using a crescent line. Several members brought examples to show. Mrs. John Holmer gave a list of garden chores for the month of August. Included were the planting of biannuals, perennials, Madonna lilies and pansies.

Bathing Suits Of Plywood To be Modeled

Portland - Plywood bathing suits and other fashions in wood products will be the highlight of Oregon's Centennial Exposition at 8 o'clock tonight in the Forest Products Pavilion.

Illustrating the scope of Oregon's fashion industry sportswear by Jantzen, White Stag and Pendleton Woolen Mills will be modeled along with fashions of the future in forest miracle fibers.

Suggesting the potential importance of pulp and paper products in the fashion world of tomorrow, the Douglas Fir Plywood association, Tacoma, has had Loraine Hodges of Portland design and make the two unique bathing suits. In addition, eye-catching accessories, among them a beach bag, belt and jewelry, all of plywood, will be shown throughout the show.

Forest Products

Also derived from forest products will be ensembles designed by Mme. Lucille Cartelli and hats by William J. and made of Melostrength, a super-strong melamine resin fiber paper. The ensembles were originally presented to the wives of Gov. Mark O. Hatfield and Gov. Albert D. Rosellini, Washington, during National Paper Week. Mme. Cartelli has designed three more dresses for the Columbia River Paper company which will be shown for the first time at tonight's fashion preview.

The garments will be modeled by eight Gloreia LaVonne mannequins in a setting of dramatically lit flowers and fountains furnished by the International Garden of Tomorrow. There will be seating for 850 under the Forest Products' swept-winged Pavilion roof.

Pickle, Relish Recipes Listed In OSC Leaflet

Corvallis - Pickle recipes that "smack" of old time goodness, but take less work to make, are the subject of a new extension bulletin now offered by Oregon State college.

Called "Pickles and Relishes," the booklet provides up-to-date recipes with guaranteed results. The art of making pickles and relishes has not faded, says Mrs. Ruth Klippstein, OSC nutritionist and bulletin author. Grandma's recipes called for "pinches" or "lumps" and indefinite measures, but recipes in the OSC bulletin spell out ingredients according to accurate measure.

Ingredients have changed with the times, Mrs. Klippstein notes. Twenty-five years ago homemakers used weaker vinegars. An old recipe used with today's stronger vinegars would probably cause pickles to shrivel or be too sour.

Recipes for sweet pickle chips, 8-day sweet pickle chunks, bread and butters, and ripe cucumber pickles are favorites included in the bulletin.

Copies are available on request from county extension offices or the OSC bulletin clerk.

Mrs. Dressler talked on the advantages derived by crippled children at Camp Easter Seal. Her son, David, went to one of the sessions and was sponsored by the local chapter of the sorority.

Mrs. Klumph also announced that Mrs. Chester Peterson has been appointed to fill a vacancy as state parliamentarian.

The evening concluded with refreshments and a showing of appropriate costumes for world traveling. Models were Mrs. Willie Fischer and Mrs. B. H. Gilbert. Miss DeMaris Glutsch was commentator. Clothes and accessories were loaned by Hadley's.

The film "Duties of a Secretary," furnished by the film library of the Oregon State System of Higher Education was shown. This film illustrated both the correct and incorrect way to meet many situations common in the business world and pointed out many of the pitfalls which poor judgment could cause.

It was announced that a rummage sale would be held October 24, in the Fehl building and members were asked to start gathering rummage for this event.

It was announced that the September 10 meeting would be the traditional membership meeting and that each member was to invite a guest. Reservations for the meeting may be made by calling Mrs. JoAnn Dodge, SPring 3-4507 or Mrs. Gwenn Caster, SPring 3-6281.
