Cucumbers Local fancy long, green-Slicing lb. 10<sup>c</sup>

GASOLINE BLAST ROUTS FIREMEN—Firemen flee a gigantic wall of flame created by exploding gasoline storage tanks in Kansas City, Kansas. At least 44 firemen were injured, several critically, when they were engulfed by the blazing tidal wave. Five of the victims staggered to their feet, their clothing ablaze, and ran screaming from the scene. Spectators, police and other firemen tackled them and rolled them on the ground to extinguish the flames. In addition to the 44 rushed to hospitals, police said several others were treated at the scene.

New Regal Fortune Station to Open in Medford Tomorrow

An estimated 7,000 gallons of gasoline will be given away tomorrow at the grand opening of the newest service station in the Regal Fortune chain. The new station, located at Central ave. and Jackson st., will bring to a total of 10 the number of stations in the Medford-based chain. An expected 3,000 motorists tomorrow will take advantage of the offer in which they will draw envelopes from a bin, with each envelope worth from two to 10 gallons of gasoline. Three Service Islands The new station will have three service islands, six pumps and a well-trained staff and will be open from 6:30 a.m. to 10:30 p.m. daily. The other Regal Fortune station in Medford, at Central and Riverside aves., is open 24 hours a day. Regal Fortune stations are patterned somewhat after supermarkets, according to Leo Bohls, manager of the new unit, with the emphasis on convenience, low prices and rapid service. "Regal Fortune stations have a different policy," Victor Milnes, 15 North Groveland ave., general manager of the chain, said. "We pass savings on to our customers through our lower prices and our own stamp program," Milnes said. "We give and redeem our own stamps and because we operate our own program we find that our stamps are more valuable."

G-P Plans Timber Sale To Pay Bill

Portland - (UPI) - Georgia-Pacific Corp. indicated today it planned to sell one-billion feet of Lane county timber to repay some of the money borrowed to finance the company's \$93 million purchase of the Booth Kelly Lumber company's vast holdings. The holdings included three billion feet of timber. A spokesman confirmed reports that the "word was out" in logging circles about the planned cutting program. Timber industry sources said Georgia-Pacific was seeking contract loggers to cut the timber at the rate of 200 million feet a year under five-year contracts. Robert Lee, public relations director, said the firm previously had indicated that a working circle would be established in the Booth-Kelly timber and that the rest of the timber would be sold to other companies.

Debris Removed From Mt. Whitney

Los Angeles - (UPI) - Two tons of tin cans and a half-ton of broken glass were removed from 14,495-ft. Mt. Whitney during a nine-day cleanup of the famed Sierra peak, leaders of the expedition said today. Tom and Trudie Hunt, Covina, Calif., who led the 30-member Sierra Club party, said sardine cans and bed springs were among items gathered along trails and at campsites. The debris was packed out by animals or burned. The couple said the party assembled Aug. 8 at the Owens Valley town of Lone Pine and then packed to a base camp near the 10,300-foot level. Climbers twice reached the summit of Whitney in their search for litter. They also waded in a lake at 12,000 feet to remove 80 pounds of cans. "It was hard to believe persons could leave so much refuse," Hunt said. "The summit, from which we removed nearly 300 pounds of debris and where we burned refuse for five hours, is 13 miles from the nearest road."

Mamie Returns To Gettysburg

Washington - (UPI) - Mrs. Eisenhower arrived here by train today after visiting her ailing mother in Denver. She then left by car for Gettysburg to rejoin the President who is vacationing there. Assistant White House Press Secretary Anne Wheaton said Mrs. Eisenhower still has not decided whether to accompany the President on his trip to Europe this month or on his trip to Russia later this fall.

James H. McGee, Ashland Resident, Dies in Rest Home

Ashland—James H. McGee, 82, of 327 Morton st., died at a local rest home Aug. 18. He was born Oct. 21, 1877, in Clarinda, Iowa. Mr. McGee was the son of Elizabeth and Henry McGee and came to Ashland in 1902 after graduating from Kirksville, Mo., School of Osteopathy. He is believed to have been the first osteopathic physician in southern Oregon. He practiced in Ashland for two years, and then moved to Grangeville, Idaho, where he assisted his uncle, Mathan McGee, in a dry goods store. He married Olive Wing, Ashland, in 1908 in Portland, Ore. In Dry Goods He entered the dry goods company of Beede, Kinney and Drake, Ashland, after his marriage and in 1910 opened his first lady's ready to wear and dry goods store under his own name on the site where the J. C. Penney store now stands. He later moved the business to Minkler building and in 1923 built a building across the street at 140 East Main st. He operated his firm with the addition of several new departments under the same name until he retired in 1930 when he leased the store.

Mr. McGee was a civic leader having been a charter member of the Chamber of Commerce, member of Lithians (the original Booster club), Masons, Shrine, Elks lodge and Kiwanis, and served on the city council and school board. He was a member of the Church of Christ and was tenor on the original Presbyterian quartet composed of Wirt Wright and the late J. C. McCoy and Jack Frost. Until the last three years of his illness he was a strong supporter of the Oregon Shakespearean theater, spending much time each year writing letters to organizations throughout the country. During his college days he was an athlete playing end on the football team and held the college high jump record. As a sportsman he was one of the pioneers in the opening up of the Lake of the Woods as a resort area and was builder of the first five summer cottages there. Survivors include his wife, Olive; three sons, Everett H. McGee, Raymond McGee, all Ashland, and Vernon McGee, Belvedere, Calif., six grandchildren and four great-grandchildren. Funeral services will be held Friday, Aug. 21, at 2:30 p.m. at Litwiller's Mountain View chapel with Earl Downing, Lebanon, Ore., minister of the Church of Christ, officiating. Interment will be in Mountain View cemetery.
