

Anti-Integration Rally Slated at Pine Bluff, Ark.

Pine Bluff, Ark. — (UPI) — Segregationist leaders of Pine Bluff planned a mass anti-integration rally tonight but the scheduled main speaker won't show up.

Rep. John Bell Williams of Mississippi, who has spoken at several racist rallies since color mixing troubles hit Arkansas schools, would only say that "prior commitments" kept him from addressing the rally. He informed the sponsoring citizens' council late Thursday that he would not be able to show up.

Gov. Orval E. Faubus also had been asked to speak at the rally and also pleaded "prior commitment."

Wants to 'Dispel Apathy'
The mass gathering is set for 7:30 p.m. at Hestad stadium, a short distance away from integration — threatened Dollarway school. It is planned as an "education" rally by the citizens' council.

"The reason for this rally is to draw people's attention to what they are up against at the Dollarway school," L. D. Poynter said. Poynter, 66, is president of the Arkansas Association of Citizens Councils.

"We want to dispel apathy and arouse interest in this fight and to educate people

Wall Street Chatter

New York — (UPI) — There's still plenty of life left in the old bull market, says Stanley Heller & Co.

However, it adds, there is "plenty" in the news to cause both stock market traders and investors to pause. But while nobody knows how far the correction will go, and caution is advised, "we see no reason to alter our long-term view of the market — upward!"

Beech-Nut Life Savers Inc. is attractive as a good income producer with the possibility of some long term market appreciation, says Reynolds & Co.

Bache & Co. thinks the current price level of utility stocks is high and vulnerable, particularly in the event of any general market decline. However, it says the long-term outlook for the industry is bright and very well-balanced common stock portfolio should include some utility holdings.

It recommends three stocks in this group which are reasonably valued and relatively attractive at present levels: Cleveland Electric Illuminat-

as to what is before them," Poynter said.

Poynter Thursday carried a petition to Gov. Faubus asking him to use all power at his command to prevent integration of Dollarway school.

Mental Test for Boy in Stabbing Of Bride Slated

New Salem State Park, Ill. — (UPI) — A mental test was being arranged today for the 13-year-old son of a Michigan minister who stabbed a bride honey-mooning at this Abraham Lincoln shrine.

Police said Glen Sampson, son of the Rev. Orval Sampson of the Congregational Church of Hart, Mich., showed no remorse over the attack on Mrs. Bruce Brainard, 25, of Hamden, Conn.

No Explanation
"He acts like he hasn't got a worry in the world," police said. "He isn't the least concerned."

Police said the boy offered no explanation for the attack. State's Attorney John Grosboll said Glen would undergo a psychiatric examination at Godfrey, Ill., to determine if he should be charged with assault with a deadly weapon. Grosboll said delinquency charges were certain to be filed against him.

Glen stole into a bathroom Thursday morning and grabbed Mrs. Brainard from behind. He clamped one hand over her mouth to stifle her screams and with the other drove a six-inch steak knife into her chest.

Youth 'Giggling'
Mrs. Brainard, bleeding profusely, slumped to the floor as the boy ran from the bathroom. She said he was "giggling" as he made his escape.

A passerby heard the woman's screams and found her lying on the floor. She was taken to a nearby doctor who said the wound was not serious, although the knife came within a half-inch of her heart.

Manned Satellite Model Falter
Washington — (UPI) — An attempt to launch a full-scale model of a manned satellite at Wallops Island, Va., failed today when a test rocket fired prematurely.

The research motor was ignited for a controlled burning test when it exploded. It was not a development motor for the Army's Nike-Zeus program as was first believed to be the case.

Officials of the National Aeronautics and Space Administration said the escape rocket, mounted above the capsule, ignited prematurely. The capsule was lofted into the Atlantic surf off NASA's Wallops Island Test Station.

The plan had been to launch the capsule with a "little Joe" rocket booster specially developed for the Mercury research program. The one-stage booster, powered with eight rockets, develops a total thrust of 220,000 pounds.

Damascus Man Has State's Fastest Draw
Portland — (UPI) — Tom Gray of Damascus is the "fastest draw" in Oregon, according to a contest at the Centennial Exposition Thursday.

Gray's average time for unholstering his six-gun was two-fifths of a second. Just a tiny fraction of a second behind came Bruce Reed of Elgin.

The contest drew 2,500 spectators.

Tax Refunds in Multnomah Ordered
Portland — (UPI) — Tax refunds and interest payments of nearly \$140,000 were approved Thursday by Multnomah county commissioners.

The commissioners ordered the Multnomah county sheriff to make payments of \$85,035 to the M & M Woodworking Co. and \$54,358 to Crown Zellerbach Corp.

The two firms successfully appealed to the Oregon Supreme Court to allow assessment adjustments on merchandise inventory in their personal property.

Three similar appeals are pending approval by the commissioners. They include refunds of \$88,951 for The Oregonian Publishing Co., \$85,853 for The Journal Publishing Co., and \$1,350 for Portland Iron Works. The appeals were referred to the district attorney's office for preparation of orders.

Phone Firms Would Transfer Facilities
Salem — (UPI) — Pacific Telephone and Telegraph Company and the Lincoln-Tillamook Telephone Company have applied to the Public Utility Commission for permission to transfer certain facilities of the Mt. Hebo Air Force station for \$191,390.

Under the proposal, Lincoln-Tillamook would take over the internal telephone facilities and both companies jointly would participate in furnishing external private line services and channels required to connect the site with the SAGE system.

Pacific would continue to own the existing building at Mt. Hebo.

Six Champions Are Named in FFA Fair Livestock Judging

Six grand champions were named during yesterday's FFA livestock competition at the Jackson County 4-H and FFA fair.

Those walking out of the show ring with champion rosettes were Ernie Bolz, Phoenix FFA chapter, with a Southdown market lamb; Don Anderson, Eagle Point, Hampshire market hog; Willie Debrick, Crater, with his Guernsey female senior cow in dairy judging; for Guernseys; John Caster, Crater, with his senior Holstein cow as grand champion of the FFA dairy Holstein show; David Foote, Crater, with his senior Jersey cow, as grand champion of the FFA dairy Jersey show; and Don Patska, Eagle Point, reserve grand champion fat lamb which graded choice.

Production class, registered Holsteins: John Caster, Crater, blue.
Junior cow, Jerseys: Dean Sommer, Phoenix, blue; and Jerry Scarborough, Crater, red.
Senior heifer, Jerseys: David Foote, Crater, blue.
Junior heifer, Jerseys: Darrell

Portland Man Dies As Fire Burns Home
Portland — (UPI) — Vernon J. Jones, about 50, died Thursday night in a fire that burned his four-room, one-story home here.

Despite first aid and oxygen administered by firemen, Jones was pronounced dead by a deputy coroner some 40 minutes after being pulled from the blazing house. Jones was a city water bureau employee.

Damage to the house was estimated at \$4,000.

11 Disease Cases Reported This Week

Eleven cases of communicable disease were reported to the Jackson County Health department this week, according to Dr. C. I. Drummond, public health physician.

Medford reported two cases of whooping cough, two cases of pneumonia, and one each of measles and chicken pox.

Ashland reported two cases on influenza and one of pneumonia, and Talent reported two cases of strep throat.
