

### Couple Wed In Colorado August Rites

The wedding of Mrs. Hazel-dean Hohensee, 331 Haven street, to Lee Harold Smith, 801 Newtown street, was held Sunday, August 16, at Grand Lake, Colo.

A reunion of the bride's family, the first such gathering in 20 years, took place at the wedding, which was held in the Grand Lake Community church.

The double-ring ceremony was performed at 1:30 p.m. by the Rev. Sterling Alam of Granby, Colo. Community church.

Mr. and Mrs. Harold E. Waldo, Denver, attended the couple. The bride wore an off-white two-piece suit and carried a white Bible topped with Hawaiian wood roses, oak leaves and bronze-toned fuji.

Mrs. Waldo wore a multi-colored silk taffeta ensemble with white accessories. Her corsage was of white and autumn-toned fuji.

Native wildflowers and candles decorated the church. The bride's brother, Rennison Read, played two clarinet solos and her sister, Mrs. Richard Eames, Grand Lake, played the organ.

Mrs. Eames also planned the dinner which followed.

The newlyweds will reside at 801 Newtown street following their return from a trip to visit the bridegroom's family in Kansas. They plan to stop at Taos, New Mexico, the Painted Desert, Grand Canyon and Las Vegas en route.

Members of the bride's family who were reunited at the event included her brother and sister-in-law, Mr. and Mrs. Rennison Read, and children, Steve and Tom; brother and sister-in-law, Mr. and Mrs. John Hollis Read, and son, John, who flew from New York City; brother-in-

### 'Great River of the West' Booklet Published by League

"Great River of the West," a fact-filled booklet on Columbia River Basin resources and problems will be published in September by the League of Women Voters of Oregon, Washington, Idaho, and Montana.

Mrs. Joseph E. Spang, water resources chairman for the Oregon League, said that material for the booklet was assembled by league research committees in the four states, then edited, compiled, and illustrated by league members. The information has been checked for "accuracy and bias" by experts in the water resources field from each state. Included is a color map obtained from the U. S. corps of engineers showing present and future reservoirs, flood zones and irrigated lands.

Medford League, as well as all others in the United States, is nearing the climax of a
